Burglars' Haul \$2.2 Millions

BROCKVILLE, Ont. (CP)—A Brockville police officer today arrested a suspect in Montreal in a \$2,240,000 weekend robbery here.

JAIL BREAKERS CAPTURED
PORT HOOD, N.S. (BUP)—Two men who broke out of the Inverness county jail early Saturday will appear in court Tuesday on charges of escaping from custody. Accused train bandit Russell Francis Ross, 42, of Florence, N.S., was apprehended by RCMP at a roadblock Saturday afternoon, while Robert John Caron, 21, was picked up in a stolen car shortly after.

The official said the thieves also stole hundreds of thousands of registered bonds but they are not negotiable.

The Brockville company is a branch of the Montreal Trust Company.

Police said the thieves entered the office by cutting a hole in the ceiling from an office above the trust company. Then a hole was cut through a two-foot brick wall in the side of the vault and acetylene equipment was used to slice through the steel wall of the vault.

City Store Robbed Of \$6,414
COPENHAGEN, Denmark (UPI)—The United States told its North Atlantic Treaty Organization (NATO) allies today it is willing to take part in an "West summit conference but only if it is properly prepared beforehand.

Secretary of State John Foster Dulles gave this assurance in a report to the 15 foreign ministers of the alliance meeting here.

Informed sources said similar assurance were given on behalf of the other two major western powers by British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau.

Three Japanese cameras were stolen from a showcase, manager Mrs. Dawson said.

Aftermath Of Tragedy At Nanaimo

By PETE LOUDON

New, stiffened regulations governing operations of zoos in British Columbia may be sufficiently severe to force small private operations out of business.

Recreation and Conservation Minister E. C. Westwood said today following the death Saturday of a Nanaimo child by an escaped lion, a special committee has been working on new regulations since last November.

They are expected to be presented to the cabinet as soon as they are "finally polished."

The minister indicated this may be a matter of days, or a few weeks at the most.

The new regulations, among other rules, will "liberalize space" requirements for animals in captivity.

He said he felt this would make it "pretty costly" for a small operator.

The Nanaimo zoo of Paul Hertel, where an escaped lioness killed eight-year-old Maureen Vanstone, will be subjected to "close scrutiny" of past and present operations, before any license is issued.

Woman Killed In 'Mystery' Island Crash

An inquest will open in Nanaimo tonight into the highway death early Sunday morning of Mrs. Irene McNeely, in a car crash about five miles south of Nanaimo.

Few details are known of the accident. RCMP found the wrecked car at about 3:30 a.m. while making a routine highway patrol, and estimated the accident had happened about 30 minutes earlier.

Mrs. McNeely, about 40, resident of Duncan and secretary at Cowichan High School, was dead when police arrived.

Ray Thomas of Ladysmith, only other occupant of the car and believed to have been the driver, was suffering bruises and shock and was taken to hospital at Nanaimo.

The death car struck a rock bluff on the Trans-Canada Highway about one-quarter mile south of the highway-Cedar Road intersection. It was not known whether another vehicle was involved in the accident.

Bus Strike Paralyzes London

LONDON (Reuters)—Londoners battled for space on subways as never before today after metropolitan bus service vanished in a massive strike.

Drivers and conductors rolled the red double-decked buses and the green suburban coaches into garages after midnight and launched their long-threatened strike for more money.

It left this city of 10,000—one-fifth of Britain's population—all but immobilized. The London transport bus system covers an area of 2,000 square miles.

Huge traffic jams developed in the heart of London as persons who normally travel by bus attempted to get to work in their cars. Several firms chartered trucks and buses owned by private companies to try to get their employees to their jobs.

Thousands of others pedaled to work on bicycles.

Businessmen shared taxis and motorists put stickers on their windshields offering rides to stranded suburbanites.

More than 8,000 Londoners normally use the 605 bus routes. The rest depend on the subway system.

First affected by the stoppage were late night workers at communications, restaurants, newspapers and hospitals. Subways close down about midnight, but key arteries normally are serviced by all-night buses.

NO EXTRA TRAINS
No extra subway trains eased the bottleneck because London subway workers have promised not to step up the service.

It was the first London bus strike since 1937 and the first major test of the government's avowed determination to stem inflation by holding the line on wages.

SPCA Branches Hit at Government

Officials of the Society for the Prevention of Cruelty to Animals in Nanaimo, Vancouver and Victoria blamed the B.C. government failure to close the zoo for the girls' strike.

The fully-grown lioness escaped from Hertel's zoo at 5 p.m. Friday and attacked Maureen Vanstone about 18 hours later.

"I didn't think anything could happen," zoo-owner Paul Hertel said in an interview.

"She (the lioness) has escaped before. I thought she would return."

He started the zoo as a hobby. "It turned out to be a poor hobby," he said.

Hertel thinks the lioness got loose after being fed. He thinks a latch was left loose by an employee.

"When the lioness didn't come back all night I called some tracking dogs to help me get it . . . They arrived too late."

Mr. Hertel said he did not notify the authorities because he thought the animal would come back.

"But I asked one of my boys to phone the Vanstones who live next door and tell them to bring their kids indoors," Mr. Hertel said.

WRONG NUMBER

"They called the wrong number by mistake, but didn't know it," he said. "They thought they had spoken to the Vanstones but I . . ."

"They thought they when I saw one of their boys outside I knew they hadn't got the message."

William Leach, vice-president of the B.C. SPCA and president of the Victoria branch, said the zoo would have been closed down but for government inaction.

Mr. Leach said private zoos cannot afford enclosures of suf-

Rail Strike Called Without Union Vote

MONTREAL (CP)—Officials of the Brotherhood of Locomotive Firemen and Enginemen (CLC) ordered the May 11 strike against the CPR without taking a formal vote among the brotherhood's membership, a union official here said.

W. E. Gamble, Canadian vice-president of the brotherhood, said the strike was ordered on the authorization of the union's general grievance committee, representing 39 locals across Canada.

The brotherhood's membership of 9,000 in Canada includes approximately 3,000 on the CPR and its subsidiaries. The remaining 6,000 are on the CNR and its affiliated lines and three other railways operating in Canada.

Mr. Gamble said some of the 39 locals made up of CPR employees voted in favor of a strike but left the decision to

their grievance committee representative. Other locals, he said, empowered their delegates to take whatever action was necessary without having a formal vote.

Meanwhile, top union officials go into conference with President Claude Jodoin of the Canadian Labor Congress Tuesday to decide what support, if any, to give the firemen's union in its strike.

PRAYER FOR TODAY

O God, our Father, we would not press our wills on Thee, but rather seek to have humble, receptive, and hospitable hearts. Teach us to forgive us our sins, to love our neighbors as ourselves, and to do thy will in all things. Help us to be true to our beliefs and to stand firm in our convictions. Give us courage to face the challenges of life and strength to overcome the difficulties we may encounter. Fill us with your love and grace, and lead us to eternal life. Amen.

Gas 'Scandal' Probe Urged In Ontario

CCF Leader Challenges Frost on Share Profits

TORONTO (CP)—Ontario CCF Leader Donald C. MacDonald rejoined the uproar over pipeline profits in high places today, with another demand that Premier Frost appoint a royal commission to sort out the "scandalous situation."

The 44-year-old Socialist chief issued a three-page statement which scattered its fire among the premier, Public Works Minister William Griesinger, Ontario Liberal leader John Wintermeyer, various public officials in northern Ontario and Philip T. Kelly, former mines minister, who disclosed Saturday he made "a great deal of money" from natural gas company stock.

Mr. MacDonald said in a broadcast Friday night the company promoters distributed stock to "a favored few" at less than a dollar a share. It went on the market at \$25.

FROST KEEPS NUM

Premier Frost declined to commit himself on Mr. MacDonald's demand for a royal commission investigation.

He said he wants to "study all the reports from cover to cover, every word," before making any pronouncements.

Mr. Kelly, in his statement Saturday, said he resigned from the cabinet—in July, 1957—when it became apparent Ontario public funds would be used for the pipeline project in such a way that he would likely profit.

Mr. Griesinger, the records showed, disposed of his stock in June, 1957. Mr. Wintermeyer said he bought his on the open market as a private citizen and said as far as he knew he hasn't made a cent on it.

TOLD NOT TO BUY

Mr. MacDonald claimed Mr. Wintermeyer got the shares in late 1956, before the stock appeared on the Toronto exchange.

In his statement today, Mr. MacDonald said Mr. Griesinger also bought his stock in 1956 at a time, when the premier had instructed his ministers not to buy shares in any natural gas company.

Mr. MacDonald said he wondered why Mr. Kelly had holdings "hidden by purchase in other than his own name." The Star said Saturday a check showed 10 relatives of Mr. Kelly or his wife held the stock in November, 1956.

"The practice of Northern Ontario Natural Gas, in cutting in public officials at all levels of government involved in a private distribution of stock at fire-sale prices before it was made generally available, is a serious threat to the integrity of public administration," said Mr. MacDonald.

"Clearly this is a scandalous situation to which the public is entitled to full information. This can only be provided through a royal commission."

Mr. MacDonald said the premier had no alternative because if he himself did not know what was going on—"to the extent of not knowing the main reason for his mines minister's resignation, and the stock holdings of his public works minister in violation of his own directive—then the investigation is absolutely necessary so that not only the people of Ontario, but the premier himself might learn the full story."

Northern Ontario Natural Gas Company was formed to handle the sale of natural gas to communities in the north along the trans-Canada natural gas pipeline. The company plans to purchase natural gas from the trans-Canada line and sell it through distribution systems in communities between the lake head and North Bay.

Jury Undecided If Hanged Boy Accident or Not

Probe Asked to Halt Shooting Whispers

DUNCAN (CP)—A coroner's jury ruled Saturday that a 15-year-old boy died of "asphyxiation by hanging," but the jury added it was unable to determine whether the hanging was intentional or accidental.

Coroner J. S. Goodbrand said he had been ordered by the attorney-general's department to hold the inquest into the death of Udo Lange, a German immigrant.

The attorney-general's department has asked for an investigation as possible so that any whispering campaign that might link this death with the unfortunate occurrence at Lake Cowichan may be discounted.

BOY SHOT TO DEATH

He was referring to the death of 12-year-old Earl Joseph Swirsky of Meachie Lake, who was found shot to death after he had been reprimanded for going swimming too early in the year. The jury returned a verdict of accidental death in this shooting.

Lange was found by a roomer at his home hanging by his belt from a pipe in the bathroom. The pipe was a support for the building and was about five feet from the floor.

RCMP Constable Robert Fulerton said the boy, five foot three inches tall, could have stood up at any time.

6 Mayors Bought Pipeline Stock Paper Says

TORONTO (CP)—The Star quotes the mayors of six Northern Ontario communities as saying they acquired stock in Northern Ontario Natural Gas Company but that it had no effect on terms of franchises given the company.

The newspaper quotes the mayors of Sudbury, Timmins, Kapuskasing, Cochrane, Iroquois Falls and Huntsville as saying they paid the full market price of \$30 for a unit of one \$20 debenture and one share of stock.

Only in the case of Huntsville was the stock issued before a franchise had been granted.

The newspaper also quotes Ralph Farris, of Vancouver, president of the company, as saying in a telephone interview, "I hope every reeve, mayor or chamber of commerce and board of trade, got some. The fuel board in many instances asked if we intended to give preference in stock issued locally, and we said 'yes' many times."

LONDON—Britain's pit ponies are spending their two weeks' summer vacation far too riotously, a national coal board report said today.

When the ponies are put out in the sunshine to pasture they get more knocks and tumbles than they ever do pulling coal trucks deep in the mines.

The report of the last "ponies' holiday" said that one broke its neck and others received injuries disabling them up to five weeks.

The benefits pit ponies derive from this annual holiday appear to be very dubious, the board said.

Drugstore Safe Yields \$16,000

(From Times News Services)

RICHMOND—Thieves smashed open a drugstore safe here Sunday and escaped with approximately \$16,000.

Police said the theft apparently took place shortly after a routine RCMP patrol in this Vancouver suburb had checked the building.

The thieves smashed the lock on an outside door at Gordon's Drugs and then wrecked the safe with a sledge hammer, crowbar and heavy chisel.

It was cleaned out of the proceeds of a three-day one-cent sale and receipts from telephone and electricity bills, for which the drugstore acted as an agency.

PLUMBERS CUT DEMAND

VANCOUVER—Officials of the locked-out Plumbers Union announced Saturday they have lowered their demands for a wage increase to 45 cents an hour from 60.

They said the reduced offer was made before expiry April 1 of their agreement with the Plumbing and Heating Association. The present base rate is \$2.70.

TWO HURT BY BLAST

VANCOUVER—Two youths were injured Sunday in the explosion of what they believed were small bombs found at the east-end Pacific National Exhibition grounds.

However, officials of the B.C. International Trade Fair, currently on show at the grounds, said the explosives may have been detonating caps. Some caps were reported missing from the fair.

Trade fair officials asked parents living near the exhibition grounds to search their children for detonating caps.

BALLOON FORCED DOWN

VANCOUVER—The balloon which became famous in the movie "Around the World in 80 Days" took off Saturday from the B.C. International Trade Fair for a short trip down the Fraser Valley. It landed 90 minutes later on Vancouver's North Shore, about five miles northwest of the takeoff point in the east-side fairground.

Pilot Francis Shields of Philadelphia, who brought the balloon here to publicize the fair, said a southerly wind blew the big balloon towards the North Vancouver mountains and he had to set it down.

REMBERT RECORDS NEW HIGH Sales Zoom Up... 64% Increase!

The Rambler record has everybody talking these days. And no wonder! Retail sales up, up, up—to 84% over last year's figures! Production figures way, way up, too! It's 1958's big automobile success story.

Up to March 31 of last year, American Motors sold 39,041 Ramblers in North America. In the same period this year 64,266 Ramblers were sold. And that works out to 64% more!

What's behind this dramatic development in the automotive world? Basically, it's this—more and more people are realizing the solid advantages of the compact, economical Rambler.

MORE AND MORE PEOPLE ARE GETTING CANNY IN THEIR CAR-BUYING, TAKING JUST A BIT LONGER TO LOOK AROUND BEFORE THEY MAKE A PURCHASE. AND THE LONGER THEY LOOK, THE MORE OF THEM SWITCH TO RAMBLER.

Because Rambler has the best of both—big car room and comfort, small car economy and handling ease. Plus the advantages of single-unit body construction, pioneered by American Motors in North America. Plus five-position reclining seats and twin travel beds. Plus deep coil springs on all four wheels, for the smoothest ride imaginable.

Terrorists Massacre Voters As Colombia Elects Camargo

BAGOTA, Colombia (AP)—Long split into bitter factions, most of Colombia's voters united Sunday to elect Alberto Lleras Camargo, president. Terrorist attacks pointed up his most pressing problem.

Thirty-three persons, mostly peasants on their way to vote, were killed by roving terrorist bands. They killed 25 in an attack on two truckloads of voters near Tolima, in central Colombia, and shot down others at Huila and Caucha, in the west.

'Lack of Interest' By U.S. in Canada

IN UNITED STATES

Press Coverage Of Canada Inadequate

WASHINGTON (CP) — A two-man congressional study mission said today the American people, press and government display a patronizing attitude toward Canada.

It bluntly blamed Canadian-American frictions on the lack of American interest, understanding and knowledge of Canada's heritage and its economic and political problems.

The two congressmen, Brooks Mays of Arkansas and Frank Coffin of Maine, both Democrats, submitted an 8,000-word report to the House of Representatives foreign affairs committee. They visited eastern Canada last December and January.

The report touched on the major sources of Canadian resentment against U.S. policies, and sharply criticized American ignorance of Canadian problems. It said:

"The United States and its citizens have frequently adopted a patronizing assumption that Canada, like a poor relation, would remain at our beck and call, and that no matter what the provocation, Canadians would not object to any step we might take."

"This lack of interest, this ignorance of the Canadian heritage and Canadian problems and this patronizing air have been displayed by the people, the press and the government of the United States."

SEVEN RECOMMENDATIONS

As a U.S. contribution to "better, more mature" relations between the two countries, it recommended:

1. The compiling, perhaps jointly by the two governments, of more detailed authoritative statistics showing on a regional basis the origin and amount of U.S. exports to Canada and U.S. imports from Canada.

2. Careful consideration of the effects on the Canadian economy of any foreign sales of surplus U.S. farm commodities.

3. The fullest attempt to explore alternatives before any change in U.S. tariffs.

4. Establishment of a congressional committee to keep Canada-U.S. relations under review as "continuing area of interest."

5. Periodic exchanges of parliamentary visits.

Youth Trapped 12 Hours in Cave

DERRY, Pa. (AP) — A 19-year-old cave explorer was rescued early today after being trapped for more than 12 hours in a cave where he had fallen and broken a leg. The youth, identified as Dick Lavall, was taken immediately to a hospital. More than 40 persons took part in rescue operations.

Kathy Hampton wriggled free about 5 p.m. Saturday and was found wandering a field dirty and dishevelled, clad only in underpants. Aside from being hungry and thirsty, she apparently suffered no ill effects. A physician said she had not been sexually molested.

Robert attended a class for the mentally retarded. Questioned by police, he said he did not know why he took the child.

Robert's father is in a mental institution and he lives with his grandmother. He said he returned home after leaving Kathy Wednesday evening. He had picked her up earlier and taken her for a ride on the crossbar of his bicycle to the abandoned house.

Boy Friend Charged In Stabbing Death

ST. CATHARINES, Ont. (CP) — Robert Carroll, 20-year-old unemployed cannery worker, was remanded to May 13 on a charge of murder in the Saturday night knife-slaying of Barbara Lynn Redman, 16.

The body of the pretty St. Catharines high school senior, stabbed three times in the throat with a hunting knife, was found in a car by police who were called in by Carroll's neighbors.

The girl and Carroll, also of St. Catharines, went on a date Saturday night in a borrowed car.

Police said an argument began on a road near Port Dalhousie. Afterwards Carroll drove to his home with the girl in the car. His parents called neighbors, who telephoned police.

The Fine Print

MR. DIEFENBAKER ASSURED the Canadian Labor Congress recently that his Government intended to introduce a Bill of Rights in Parliament at its forthcoming session. This is good news, but how good? What, in fact, will the Bill of Rights contain and how much use will it be?

We shall have to wait and see. The Prime Minister is not obligated to reveal any of his legislation in advance. But his campaign statements a few weeks ago raised grave doubts about his proposed Bill of Rights. Though his references were rather vague, they seemed to indicate that his project was hedged about with restrictions that could make it of little value.

The Bill of Rights, he said, would be submitted to the Supreme Court to decide what subjects are under federal, and what are under provincial jurisdiction, according to the Canadian constitution. Only the subjects under federal jurisdiction, apparently, would be incorporated in the Bill.

So far as federal jurisdiction is concerned, there has been no recent invasion of personal liberty. All the invasions have come from the Legislature and Government of Quebec. And Quebec holds that it has a perfect right under the constitution to pursue these invasions.

Though its most notorious restriction on freedom, the Paddock Law, has been quashed by the Supreme Court, the Legislature has asserted, in its Freedom of Worship Act, the right to control publication, assembly and even radio and motion pictures. All these things, the Duplessis Government contends, are under provincial jurisdiction.

If they are, and if Mr. Diefenbaker does not propose to touch them, then a federal Bill of Rights will be almost meaningless. For its whole intent, the protection of personal liberty, will be frustrated by Quebec or any other province which cares to assert its power to infringe the liberties of its citizens.

If a Bill of Rights is to mean

Self-Rule in the West Indies

WHEN PRINCESS MARGARET inaugurated the first Parliament of the Caribbean Federation, the peoples of the newly created entity in the West Indies began to govern themselves.

Now they face the important question: Will the system they have created work and hold together for the five years which must elapse before the federation becomes a full-fledged dominion?

The task before Sir Grantley H. Adams, Prime Minister, is difficult. The federation is scattered over a wide area of sea, many parts of it mere specks on the map. Moreover, politically he faces obvious difficulties. The government enjoys a narrow majority, 24 members to the opposition Democratic Labor Party's 20. And the government could be in jeopardy when only a few ministers or senators are away from the legislative seat, travelling on their own islands.

Against the difficulties facing any new nation stand very definite credits

anything it must assure the liberties of all Canadians, in every province. It must make the basic rights of citizens the same throughout the land. It must prevent the establishment of ten different standards of citizenship in the ten provinces. It must, in short, assert the doctrine that only Parliament and no provincial legislature has the power to legislate in the field of fundamental civil rights.

It will be futile for Mr. Diefenbaker to legislate only in the field of federal jurisdiction if that jurisdiction is as narrow as Mr. Duplessis says it is. To legislate effectively Mr. Diefenbaker must be prepared to quarrel, outright with Mr. Duplessis and the Union Nationale, the only contemporary offenders against personal liberty.

Since Mr. Duplessis and his organization recently provided the Diefenbaker Government with an electoral sweep in Quebec, such a quarrel cannot be approached lightly and could have profound political repercussions.

Is Mr. Diefenbaker ready for this collision? It is impossible to say from his statements so far but the answer will be seen in the small print of his Bill of Rights.

He told Parliament in 1947 that "Freedom is indivisible; there cannot be fractional freedom in our country." That is undoubtedly true and there can be no purpose in a Bill of Rights if it does not outlaw fractional invasions of freedom like those current in Quebec.

Apparently Mr. Diefenbaker intends to place upon the Supreme Court the onus of determining the limits of federal and provincial jurisdiction, but does he also intend to assert federal jurisdiction to the utmost or will he passively await a decision?

Much will depend upon his attitude. At least he is trying to do something about a Bill of Rights while all his predecessors refused to do anything. But a bogus Bill, designed to reassure other provinces without irritating Quebec, might be worse than nothing.

COMING EVER SINCE

The First of the Tourists

THE boatload of centennial miners that landed at the Causeway a few days ago received a warm welcome from the city, but that wasn't quite authentic. When the original first group arrived — 450 men eager to rush into New Caledonia and stake out a fortune — the welcome was a trifle cooler. As Governor James Douglas reported on the new arrivals: "They are represented as being with some exceptions a specimen of the worst of the population of San Francisco — the very dregs, in fact, of society."

That's hardly the George I. Warren approach to visitors. Things have changed in the intervening 100 years. But the Governor's worst fears were not borne out. He had to admit a little later that the newcomers were quiet and orderly during their stay in Victoria.

Back in London, Sir Edward Bulwer Lytton, the Colonial Secretary, described the California tourists as "this motley inundation of immigrant diggers," and it was this view of them that spurred him to act quickly on Governor Douglas's subsequent suggestion that it might be a good idea to have a few troops around to handle the overflow crowd.

And that, of course, led to the dispatch of the Royal Engineers contingents, which did so much to establish the colony, not only as a livable place, but as a British one.

Pouring In

The suddenness and the magnitude of the influx of gold-seekers may be imagined from the quantity of shipping from San Francisco that began to arrive off the Fort.

In the two weeks between June 5 and June 20 of 1858, for instance, the following ships came in, loaded to capacity with miners and would-be miners.

There were the steamers Republic, Commodore (making a second trip), Panama, Cortez and Santa Cruz; the ships Georgina and William Berry; the barges Gold Hunter, Adelaide, Live Yankee and Madonna; the schooners Gullietta, Kosuth and Osprey; and the sloop Curlew. (These were listed in an address by Westminster County Judge Frederic W. Howay in 1909.)

The Republic soon returned with 800 prospectors, and early in July the Sierra Nevada landed 1,900, with another 2,800 aboard the Orizaba and the Cortez.

Almost overnight more than 30,000 rough and tough men, gathered from many parts of the world, had passed through tiny Victoria or camped around its walls. Small wonder the Governor felt the need of a little military support.

As most of this mob moved across to the mainland and set off for the north other needs became apparent. Keeping some sort of order was, of course, a

first necessity. But roads and bridges, surveys, buildings and the rest of the requirements of a country suddenly alive with men and industry were equally urgent. And somebody had to be in charge.

The gold rush therefore was the immediate cause of a letter from London authorizing James Douglas to take over the duties of governor of the unorganized territory on the mainland, pending more formal appointment.

Douglas was the nearest representative of the Crown and as such was the logical man for the job at such short notice. But he had also established a reputation as Hudson's Bay Company officer and as Governor of Vancouver Island that was its own recommendation.

Many Foreigners

Even at that he was uneasy. Many of the strangers were openly anti-British. The territory of Oregon had already been lost to Britain by the rush from the south to populate its choice spots, and Douglas feared that the same might now happen to New Caledonia.

As he warned London, without troops to depend on, he "must, under Providence, depend in a great measure on personal influence and management — a position inconsistent with the dignity of the Queen's Government."

Even a single company of infantry would do the job, Douglas wrote. But he was given better than that. He eventually got, in the Royal Engineers, 160 soldiers who could double as surveyors, engineers, printers, miners, astronomers, carpenters, architects, draughtsmen, roadmakers and a score of other occupations. And when those labors were finished, most of them stayed on to become solid citizens, taxpayers and the founders of the present province.

Things did not go smoothly, of course. There were problems quite apart from those involved in taming the wilds as well as the occasional wild man.

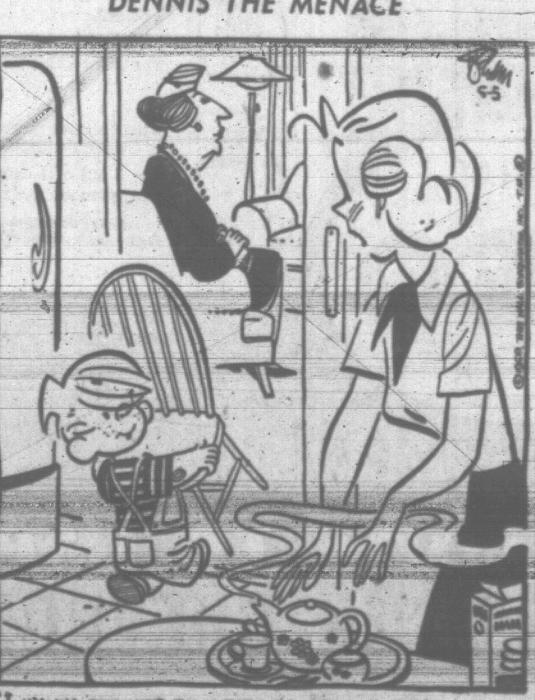

New Location

Colonel Moody, in charge of the Royal Engineers, didn't think much of Langley as a seat of authority, even though on November 19, 1858, it was the scene of the official birth of the Colony of British Columbia. When the main body of the Engineers arrived at Esquimalt in April, 1859, they found their camp was to be located at Queensborough, at the mouth of the Fraser.

They had to spend the first few months in tents and aboard the Hudson's Bay Company brigantine Recovery, at anchor off the site, while they built their future homes and barracks.

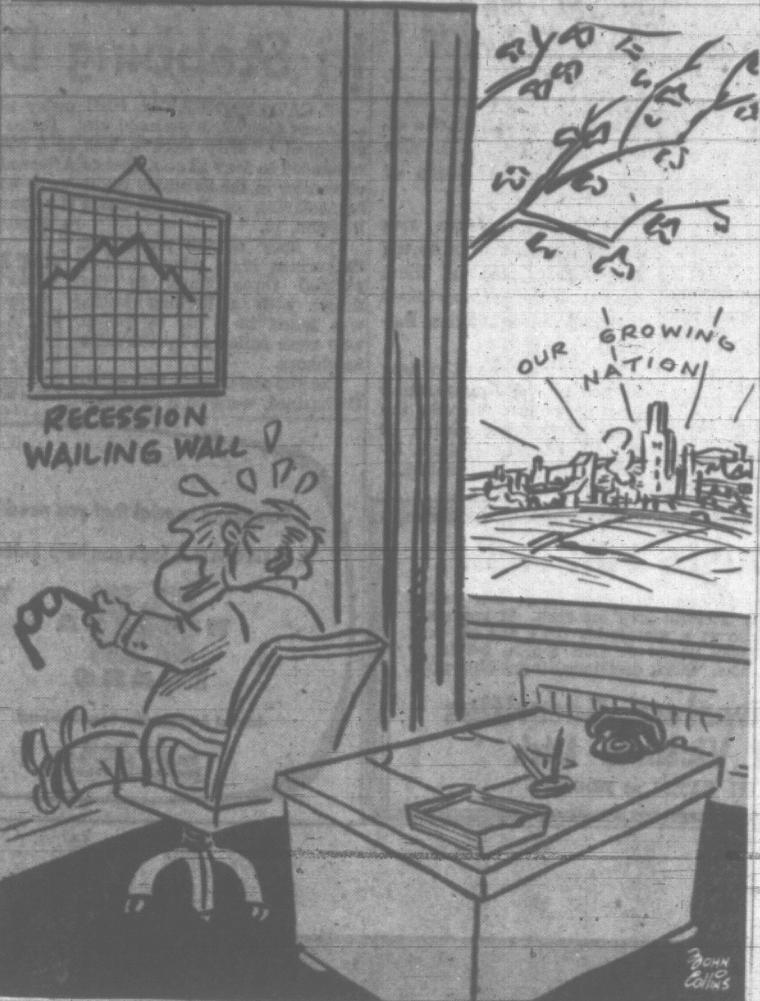

Even the name of the place caused a difference of opinion. Governor Douglas favored Queenborough; Colonel Moody held out for Queensborough. They appealed to the Queen to decide the issue. She compromised — the place was named New Westminster, and so it has remained.

Leave Animals Free

I certainly was pleased to read a report in the Times that the SPCA was protesting the operation of amateur-built small zoos. And rightly so.

There is no worse cruelty than imprisoning in two-by-four pens creatures which have been accustomed to roaming the country. These animal prisons are so unnecessary these days. Children can get all the education on animal life necessary on TV shows. There are only a few in favor of zoos, and they are selfish parents whose children's every whim must be catered to, regardless of what or who has to suffer.

These small amateur zoos do not have the requirements necessary to wild life. Consequently the animals' health would soon become impaired.

These helpless animals are God's creatures. Leave them free as they were intended to be. Here's hoping the SPCA will be successful in their effort to have this cruelty abolished.

U.S. Domination of Unions

Mr. Percy M. Fox, president of the St. Lawrence Corporation Ltd., stated in Montreal "the domination of Canadian unions by United States leaders is a curse upon this country and most of all upon Canadian labour itself." He added "management must seek sound relationships with Canadian labor, relationship between Canadian management and Canadian labor unions. Canadian management, he said, often deals not with Cana-

dian labor but a series of professional American union bosses."

When we see "American delegates coming to Canada to handle the Teamsters strike, the Pulp and Paper strike and the pending strike of the CPR firemen and others, I think it is about time something was done to rectify such a situation which is a disgrace to our national pride."

The only way the ordinary citizen can take any action to this end is by writing to his Member of Parliament and by pressing for Federal action which would divorce Canadian labor and unions from the U.S. parent unions.

I feel that we have reached the bottom of our national degradation when we allow Mr. Gilbert from Cleveland to tell us that the Kellog Royal Commission, appointed by our Government to examine the merits of the use of firemen, was incompetent. When the heads of our Canadian unions accept this without protest I feel that it is about time something was done to change which will have to be brought about by Federal legislation.

Capital Punishment

The Edmonton Journal of April 19, 1958 says that Rev. Douglas Kendall of Victoria made a motion to abolish capital punishment because it was contrary to the teachings of Christ.

In Genesis 9:6 it says, "Whoso sheddeth man's blood by man shall his blood be shed: for in the image of God made he man."

JUST ME

Home Here for Margaret?

Princess Margaret is coming soon to Canada. The vast majority of the people of Canada are very tired and grieved to read all the sensational, cheap publicity the newspapers play up about this lonely, lovely girl. An opportunity exists right here in Victoria for you to take the lead and go all out to help this charming person.

What do you say to making a try towards inviting this young lady to live here in Victoria?

We are in the process of building a new Government House. We are bringing in thousands of new people. We are advertising what Christian people we are. We send missionaries abroad to teach unbelievers about our country and religion.

We are working to build a better Canada. We try to strengthen the ties of Empire and to foster goodwill among ourselves here in Canada.

Surely we would be happy indeed to see the princess here with us, her eyes shining as she gazes out over our own people, even us, sir, who are glad to feel the tie that binds our hearts in love to that land of our forefathers — "home" to so many here.

We who would offer this charming and gracious one a home with us here with freedom to come and go as she pleased, freedom from cheap publicity, freedom to laugh and to sing, to work, to join with us in our daily cares. It would be nice at some future time to know we were "big" enough to hold out a hand to Princess Margaret, to do something big for our Centennial year.

Surely we would be the better in heart in singing "Fair is our land . . . we stand on guard for thee," in the knowledge we do the right thing. And we are big enough and have room enough, too, to make it possible for this girl to bring her man in to share this Victoria with her. Sure we have room, sure we have broadness of mind enough to do away with the ancient rituals that grieve and dismay us all.

Let us then make it possible for the Princess to live her life with the man she loves, right here, sir, in Victoria. Freedom of choice and the right to our own lives — we fight for those ideas, for ourselves, that is. And how tired we are of seeing the Princess buffeted around hither and thither where the poor thing is exhausted with it all.

A home for her here with her man, with freedom to live as any ordinary people would, to be one with us in this our "True north: strong and free." The whole Empire, sir, would rejoice at this most thrilling and magnificent gesture.

The Un-Murdered

THE question is no longer whether the grim process of Soviet political evolution is entering another stage. The question is what the new stage will reveal.

"In the Soviet Union today," George F. Kennan recently remarked in his wry way, "there are just too damned many people who have been left unmurdered."

The signs suggest that Nikita Khrushchev, who is basically a tidy man, is now preparing to deal with the sadly untidy situation noted by Kennan. It is hard to find any other explanation, in fact, for the perfect drumfire of renewed attacks on Khrushchev's fallen and impotent enemies, Malenkov, Molotov, Kaganovich and Shepilov.

The denunciations of the "anti-party group" began in a major Pravda editorial on April 7, and were repeated, with even greater emphasis, in another long column on Pravda's front page the next day. The neo-Stalinist theorist, Party Secretary Pospielov, delivering the principal speech at the celebration of Lenin's birthday on April 23, threw a quick rock at the "anti-party group" as well as excommunicating the Yugoslavs.

In speeches at Kursk and Kiev on April 25 and 26, Nikita Khrushchev himself took up the theme with great vigor and enthusiasm, singling out Georgi Malenkov for special attack. Also on April 25 in a speech in the Ukraine, Ignatov denounced the criminals and paid special tribute to Khrushchev. And just last week at Chernovskiy, near the Romanian frontier, Pospielov's fellow neo-Stalinist, Mihail Suslov, got in his two bits' worth.

But even what has been said already is enough to tell a lot. Zhukov and the party apparatus were the two instruments that Khrushchev used in his rise to power. Zhukov has been dealt with. The thunderous assault against Malenkov and Molotov are already a stern warning to the members of the party apparatus that they had better be careful about arguing with Comrade Nikita about motor tractor stations or anything else. And the mildest further discipline of Khrushchev's defeated opponents will confirm the warning in language that all can understand.

Hillside in the Sun

On the day of Walter's funeral, Sarah was sent to Mrs. Brown. "If you don't mind," said Sarah's mother. "It's just that I want to spare her the kind of day that this must be. Peace and quiet, perhaps, because she's a bit wound up inside, I think. I'll send her in her play clothes."

"Am I too early?" Sarah said, arriving at the Browns' back door. "Mummy said I could play around outside if you're busy."

"Not busy in the least," said Mrs. Brown. "Just waiting for a cake in the oven, and wondering whether you'd like lunch politely at the table, or whether we'd take a picnic up the hill."

When the picnic lunch was done, Mrs. Brown lay peacefully in the sun while Sarah explored the paths among the oaks and climbed an easy tree.

"Right on top of a meal," Mrs. Brown murmured to herself, as she watched Sarah hanging upside down. "What? It is to be young! I hope to Heaven the child doesn't fall on her head on those rocks."

"Have you been asleep?" asked Sarah, returning.

"Not really asleep," said Mrs. Brown. "Just listening with my eyes shut and counting up the different sounds. It's a little game I sometimes play, she added almost shyly. "There are such a lot of sounds when you begin to listen."

"I hear a sheep," said Sarah. "Down there in the field."

LONDON LETTER

By WALLACE REYBURN

Low Hits New High

LONDON—Heading your way is David Low, who was formerly Britain's and probably the world's top cartoonist.

Primary reason for his Canadian trip is to go to Fredericton to give the address at the annual convocation of the University of New Brunswick and receive from the university the honorary degree of Doctor of Laws.

How does it come about that this New Zealander, who has spent practically all of his working life in England, should be honored down in the Maritimes?

Answer, of course, is that much of his working life has been spent in the employ of Lord Beaverbrook, who among other things is chancellor of the University of New Brunswick.

Many of Low's admirers were sorry when he gave up working for Beaverbrook, because from that time onwards he started to be less good.

It was just after the war that he switched from Beaverbrook's Evening Standard to the Socialist Herald. It was a popular contention prior to that, that it was Low's cartoons that "sold the Standard."

His scathingly brilliant cartoons were probably the most talked about single feature in British journalism and undoubtedly many a person bought the Standard in preference to the other London evening papers because they could both get afternoon news and get Low as a bonus. But it could never be said of him that he "sold the Herald."

Britons Plan Rally To Protest H-Tests

MANCHESTER, Eng. (AP)—Plans were announced Sunday night for a giant rally and protest march through London next month by up to 100,000 Britons demanding a halt in nuclear tests. Frank Allaun, Labor member of Parliament, said the demonstration will dwarf last month's protest march from London to the Atomic Weapons arsenal at Aldermaston.

IMPERIAL JOINS DEBATE

Edmonton, Montreal Pipeline Plan Hit

By RICHARD ANCO

Canadian Press Staff Writer
CALGARY (CP) — A second major integrated oil company today brushed aside an Edmonton-Montreal crude oil pipeline proposal as uneconomic and suggested the current slump in the Canadian oil industry is cyclical.

Imperial Oil Limited told the royal commission on energy resources that prospective advantages of a Montreal pipeline at present would not warrant the risks connected with its construction. A similar view was presented by Shell Oil Company of Canada Ltd., last week.

Imperial recommended that Ontario, largest single market for petroleum products in Canada, be further developed and that efforts should be continued to obtain full-free access to logical West Coast and midwest U.S. markets.

BLAME PERIODIC TREND

In its brief Imperial blamed cyclical business trends for the decline in western Canada's production. The downward adjustment in Canadian activity since the summer of 1957, it added, was reflected in petrochemical requirements.

The build-up of extensive petroleum inventories and last year's warmer weather also had direct influence on demands for crude and fuel oil, the brief said.

Sharp increases in inventories compared with demand late in 1956 forced big American companies to consider liquidation of the surplus. The liquidation is expected to continue this year until there is a direct relationship between supply and demand.

The company, however, predicted that inventories will likely disappear by the end of this year and that American export markets will gradually increase their runs of Canadian crude.

25-CENT DISADVANTAGE

It estimated that if Alberta crude were used in its Mont-Credit Ont.

Orenda Engine Firm To Build B.C. Plant

VANCOUVER (CP) — The company that put the engine in the CF-100 jet fighter and the Canadian-built Sabre jet — Orenda — has bought property in Vancouver and is entering the industrial power field on the west coast.

Orenda Industrial Ltd., the power arm of the huge A. V. Roe industrial group, will build a 4,000-square-foot plant here, Earl Brownridge, executive vice-president and general manager of Orenda Engines Ltd., announced Friday night.

Orenda's future is to supply power to Canadian industrial markets, said Brownridge.

The company expects to be in its new Vancouver plant, which will cost about \$100,000, within four months.

Canadian Car Output Still Below 1957

WINDSOR, Ont. (BUP) — Ward's Automotive Reports said Friday that 31,500 passenger cars and 5,500 trucks were produced in Canada in April. This compared with 40,505 cars and 8,300 trucks in April, 1957.

Last month's volume was the highest of any month this year. Output in January was 28,235 cars and 4,862 trucks; in February, 26,430 cars and 4,712 trucks; and in March, 29,172 cars and 5,194 trucks.

An estimated 118,760 cars have been turned out this year, a 22 per cent drop from the 152,247 produced in the same period of 1957.

Truck output for the same period is down 30 per cent, at 30,776 compared with 22,732. This week's output is estimated at 7,736 cars and 1,313 trucks. The same week last year production totalled 10,038 cars and 2,025 trucks.

Oil throughput averaged 102,

150 barrels daily, a drop of 34,000 barrels daily from the like period in 1957.

WEEK IN BUSINESS

Indications Of Pickup Across U.S.

By WALTER BREDEE, Jr.

NEW YORK (AP) — Hopes for a business pickup received mild encouragement this week from a rising trend in production, jobs and farmers' income.

There were signs, too, that the frantic rush to unload business inventories might have run its course.

If you wanted expert opinion on the business outlook, you could choose from predictions that ranged from heady optimism to the deepest gloom. Some examples:

Commerce Secretary Weeks declared: "Long range, the future looks good. I believe the economy is levelling out and we will see pickup by late summer or early fall."

Charles T. Broderick, chief economist for Lehman Brothers, investment bankers, said business will turn the corner by mid-year and the recovery will be faster than after the two previous recessions in 1954 and 1949.

Less optimistic was Myron S. Silbert, vice-president of Federated Department Stores Inc., who told a congressional committee a general business recovery is nowhere in sight.

The government's latest figures on employment could be interpreted in a good or bad light, depending on where you sat. The United States unemployment total declined last month for the first time since October. But the decline was much smaller than that normally recorded at this time of year.

President Eisenhower said the downward trend in unemployment shows that the business decline is flattening out. George Meany, head of the AFL-CIO, said the figures prove the recession is getting worse.

Wall Street apparently sided with the optimists this week.

The stock market reached a 1958 high. The recession theme is riding high with the rock 'n' roll set these days. Top tunes currently plugged by disk jockeys include: Get a Job, All I Ever See Is Soup, and Headin' for the Poorhouse.

CRASH KILLS 2 CHILDREN ON PRAIRIES

MIDALE, Sask. (CP)—Two children died Sunday when the car in which they were riding collided with a CPR freight train at a level crossing in this town 90 miles southeast of Regina. Diana Moore, eight, died in the wreckage. An unidentified four-year-old boy died a few hours later in hospital at Weyburn, 25 miles northwest.

Does BLADDER WEAKNESS MAKE YOU FEEL OLD?

TORONTO—Special: Thanks to new, more formulae, there are now many men and women now enjoying old, tired, irritable and depressed from losing sleep and worrying about bladder weakness. Bed wetting, burning and itching urination, bed wetting, getting up nights—or strong urge to urinate—can all be signs of bladder irritation, which often results in secondary backache, headache, rheumatism, etc. In fact, in many cases, New Improved CYSTEX® gives quick, calming relief by combating irritating germs in acid urine; and by taking one tablet a day, over a million CYSTEX tablets used—proves safety and success for young and old alike. If you have bladder irritation, get CYSTEX at druggist today. See how much better you feel tomorrow.

Two of a kind makes a pair of badly smashed cars—the same make and almost the same models—in head-on collision near Beaver Lake on Patricia Bay Highway Saturday night. Four injured occupants are in fair to satisfactory condition in three hospitals. Car in picture above was believed headed south, the other north on a slight rise in the highway. (Times photo by Bill Halkett.)

6 Hurt in Weekend Traffic Smashes

Six persons are in hospital after two separate highway accidents over the weekend in Saanich.

Bernice Koller, 3226 Rutledge received severe head injuries in a spectacular head-on collision on the Patricia Bay highway near Beaver Lake at 9:15 p.m. Saturday.

She is in fair condition at St. Joseph's Hospital.

Also hurt in the crash were: PO John Givens, 3226 Rutledge, 34, back injuries. He was first taken to St. Joseph's Hospital for emergency treatment and later transferred to HMCS Naden Hospital.

John D. Sutherland, West Road, Sidney, and his sister, Anna Gray, The Chalet, Deep Cove, occupants of the second car, who have back, face and head injuries.

They are all in satisfactory condition at Royal Jubilee Hospital.

SMASHED INTO POLE

Saanich police have not yet determined who were the drivers or which direction each of the cars was travelling.

The accident occurred about 100 yards south of Beaver Lake Park. After the head-on collision, one of the cars crashed into a pole on the west side of the road. The other car remained in the centre of the road.

Ernst Tingstad, 1460 Weller Ave., Sidney, an eyewitness, said all he saw was "a set of car lights shoot across the road."

He said he ran over to the car which crashed into the pole.

"A woman was lying half out of the car. I didn't really want to move her," he said, "but I held her head up to stop her from choking."

When he ran to the other car

he found a man sitting up; his wife, Florence, were injured when their car blew a front tire, went out of control and flipped over on its side. Damage to the car is estimated at about \$1,500.

The Slatters were taken to the Royal Jubilee Hospital.

Mr. Slater has four fractured ribs which required surgery. He also has a fractured nose, a cut over one eye and back injuries.

Mrs. Slater has back and chest injuries.

They both are in satisfactory condition.

Bums Finally Come to Life

By United Press

Those understandably skeptical Los Angeles fans had solid evidence today that the Dodgers "wasn't" dead just sleeping.

The evidence was an old-time Brooklyn-like display of power—26 hits good for 47 total bases—as the Dodgers whipped Philadelphia Phillies, 8-7, and 15-2 Sunday. It marked the first time the Dodgers were able to win two straight games this season and delighted a crowd of 38,453 that sent the Los Angeles attendance over the half-million mark for only 15 dates.

The Dodgers pulled out the opener on two-run seventh-inning homer by Charlie Neal and then hammered out 18 hits, including five doubles, two homers and a triple, against six Philadelphia pitchers in the nightcap. Don Zimmer swung the big bat in the second game with a homer, three singles and four runs batted in.

The outburst was the biggest of Sunday activity which followed generally the pattern of the season—heavy hitting in the National League games and excellent pitching in American League.

In the National Pittsburgh Pirates and San Francisco Giants split a doubleheader. Ramon Mejias smashing three homers in Pittsburgh's 6-2 win and Eddie Bressoud singling home the winning run in the Giants' 4-3, 10-inning nightcap victory; Walt Moryn's third double gave Chicago Cubs a 5-4 victory before Steve Bilk's 14th-inning double earned the Cincinnati Redlegs a 3-2 decision, and the Milwaukee Braves backed Warren Spahn with 13 hits to down St. Louis Cardinals, 7-2.

In the American, Baltimore Orioles scored 4-3 and 4-0 victories over the Detroit Tigers; Cleveland Indians and Boston Red Sox exchanged 2-2 decisions and Washington Senators defeated the Kansas City Athletics, 7-3. The second Washington-Kansas City game was ended by rain with the score 2-2 after nine innings. Rain also cancelled a Chicago-Yankee doubleheader at New York.

Canadian champs still lead the open team event and Frank Scarie and Nick Bailey held on to first place in the open doubles.

Cliff Moore's 972 leads the open singles. Richard Stephens of Powell River is second with 907.

Victoria Pair On 2nd Rung At Vancouver

VANCOUVER (CP)—The Maillardville squad piled up a 4,108 total Saturday night to take over top spot in the A team event at the halfway mark of the \$20,000 Centennial Fivepin Bowling Tournament.

The Maillardville team edged out Vancouver Chapmans with 3,969 points.

In the A doubles, Victoria's Keith Todd and Stan Bell slid into second spot with 1,763 points behind Charlie Ho and Spike Lee with 1,805.

Canadian champs still lead the open team event and Frank Scarie and Nick Bailey held on to first place in the open doubles.

Cliff Moore's 972 leads the open singles. Richard Stephens of Powell River is second with 907.

DO-OR-DIE FOR PATS

West Trails Once More

OTTAWA (BUP)—A 20-year-old Montreal youngster has put the Hull-Ottawa Junior Canadiens in a strong position to bring the Memorial Cup back east after a one-game triumph.

Terry Gray, a big, strapping winger, who scored 20-plus goals in the regular season, gave Canada a 3-2 lead in their best-of-seven junior final with Regina Pats Sunday by firing two goals in 11 seconds for the winning margin in a 6-3 victory at the neighboring Hull, Que., arena.

Sixth game of the series is

set for the Ottawa Auditorium Tuesday night. Regina must now win two in a row or return home empty-handed.

A near-record of 5,284 saw the Baby Bombers win the Dominion title to the Fifi Flon Bombers last year, while

Gray's quick pair and skate the game away with Bill Carter's marker into an empty Regina net in the final minute of play.

Gray and Carter, a standout this series, each had two goals for the winners with the others going to Ralph

Laurie Couldn't Select Better Anniversary Gift

Amateurs' Domination Ends; Munn New Handicap Champ

By ERNIE FEDORKU

Laurie Carroll, firmly convinced that merry May is his lucky month, couldn't wait to give his wife a wedding-anniversary gift.

It's "first anniversary" time at the Carroll home next Sunday but Laurie just had to give Doreen her present a week ahead of schedule.

The assistant professional at Victoria Golf Club, wearing a winner's smile and a champion's blazer, turned over a \$100 cheque to his wife Sunday a few hours after coming through with his first major tournament victory.

Carroll defeated John Merriman 6 and 5 at the Oak Bay course Sunday to become the first professional to win the Daily Times Trophy and the Vancouver Island match play open championship.

An estimated 1,500 persons—the largest gallery ever to watch the open windup—saw Carroll break the amateurs' grip on the Times trophy. There hasn't been a turnout of fans of Sunday's size since 1955, when Colwood's Bill McColl met Vancouver's Bill Mawhinney in a special playoff between the Island and Mainland champions.

Carroll defeated John Merriman 6 and 5 at the Oak Bay course Sunday to become the first professional to win the Daily Times Trophy and the Vancouver Island match play open championship.

Although Munn saved the best round of his young career for Sunday, he displayed more than promise in defeating Oak Bay veteran Norm Beattie, 6 and 5, in the handicap final. Munn turned in the best round of the day in the morning by coming in with a six-over-par 75.

Oak Bay Finally Gets Into Act

Carroll, however, was the big signified his intention of participating in the pro-am event.

Neither Carroll nor Merriman, 25-year-old George Vale amateur, who was also after his first big victory, played their best. The likeable Merriman, a consistent standout around the greens, saw the best part of his game go sour on him.

"The short game is what makes or breaks you," Merriman sadly reflected. "My putting wasn't very hot and my short game was off. The greens were nice, but much to heavy for my putting stroke."

Merriman, a weekend golfer, was also disappointed that he couldn't make it closer "at least for the gallery's benefit if not for mine."

Laurie Kept His Driver in Bag

Carroll, continuing to use a three wood instead of a driver off the tee, was 10 over par when the match ended on the 31st after Merriman threatened from about 25 feet away. Merriman finished approximately 17 over par.

"I wasn't worried about distance, especially on this course," Carroll said. "I've had these clubs only three weeks and I haven't too much confidence in my driver yet."

Carroll fired a 76 compared to the regulation 69 and his opponent's 79 strokes in the morning round. He was four up after 18 holes but Merriman sliced the deficit to two on the 23rd.

But Carroll never gave Merriman a chance to come back any more after that. Laurie saved his best shots for the final eight holes, which he covered in even par figures.

Munn, off to an early start, pulled away from Beattie in

the handicap final by holing out three long puts on the sixth, seventh and ninth holes. All were from 20-30 feet out. Munn was five up after 18 holes and extended that margin to eight after 23 holes. Both play to handicaps of 12.

RESULTS

(Note: Approximate score given on holes where player picked up before holing out.)

Stan Leonard, of Vancouver, was in second spot after two rounds but missed too many greens with his fairway shots in the late stages. His scores: 68-72-72-75-287. That put him in eighth place with winnings of \$1,100.

Al Balding of Toronto finished one stroke out of the money with 73-72-74-295.

A 30-foot putt from the 13th hole was the telling point. Venturi had shot a one-under-par 69, putting the pressure on Bolt and Hogan. The latter was just a stroke back of Bolt and had made two straight birdies.

Bolt rammed down that putt and grinned because he figured it was the payoff.

It was Bolt's first tournament victory since last summer when he took the Eastern open.

Venturi won \$3,000 for second money, which upped him to second among the leading money winners of the year with \$16,731. Arnold Palmer of Latrobe, Pa., who wound up with 289 and only \$662 here, still leads with 284.

Silky Will Get Chance To Square East Account

LOUISVILLE, Ky. (AP) — Tim Tam won the Kentucky Derby. It was not surprising. The big question: What happened to Silky Sullivan? The most publicized horse in the \$1 million runnings of the turf classic? Tim Tam took Saturday's 1 1/4-mile race over a muddy track to give Mrs. Gene Markey's Calumet Farm its seventh derby triumph. Lightly regarded Lincoln Road from the Sun Blue Farm of Chicago was second, a half-length back. Dr. Peter Graffagnino's New Orleans-owned Noureddin, also neglected in the betting, trailed by another half-length in third place.

Silky Sullivan, the horse that had electrified fans with his sensational last quarters in come-from-behind performances, was 12th in the 14-horse field. He trailed Tim Tam by 20 lengths.

"I only know that (Jockey Willie) Shoemaker told me he didn't like the track," said trainer Reggie Cornell.

But Cornell and owners Tom Ross and Phil Klipstein of San Francisco will give Silky at least one more chance in the east. He'll start in the Preakness at Baltimore May 17. He's also staked in the \$50,000-added Jersey at Garden State May 24 and the \$100,000-added Belmont in June.

Other British Columbia scorers were Robert "Tom" Christie and Peter Grantham.

HOLD EARLY EDGE

Dick Geater, Frank Small and I. W. Nicoll were point-getters for Eastern Canada. Small and Nicoll ran for tries and Geater kicked a penalty goal to give their club a short-lived 9-8 lead.

The field was slippery from rain and running was difficult as British Columbians dominated

the year for his fullback play with British Columbia Lions, of Quebec and Ontario selects Saturday, defeating the Eastern Canadian team 18-9 in a wide-open game before 1,000 fans at suburban East York Stadium.

It was the first East-West rugger match played in Canada.

Another game is scheduled here Tuesday night.

Fullback Neil Henderson, the game's outstanding player, scored a try and booted three conversions to collect nine points for the Western team, which took an 8-0 lead in the first half.

NEW SWIMMERS SHINE IN WIN OVER TORPEDOES

Newer members of the Victoria YMCA Swimming Club have served notice that Flying "Y" regulars will have to hustle to retain their positions in the spotlight.

Although established stars set the pace as the city club scored an impressive, 224-63 triumph in a dual meet against Vancouver Y Torpedoes at the Crystal Garden Saturday night, a new crop of Victoria youngsters extended the veterans in several of the 31 events.

Competition was closer than the final result would indicate as the Flying "Y" squad took

eight of the nine relay races and 14 of the 22 individual events.

DOUBLE VICTORIES

Four Victoria splashes chalked up double victories.

Stan Cameron finished first in the boys' under-15 freestyle and breast-stroke races and Bruce Warburton won freestyle and breast-stroke events in the boys' under-17 division.

In the girls' events, Sally Holland paced the under-17 field in freestyle and butterfly races and Janie Wheaton won freestyle and butterfly competition in the under-15 group.

U.S. TV Critics Praise Wayne and Shuster Debut

NEW YORK (CP) — Toronto comedians Johnny Wayne and Frank Shuster made the first of a scheduled series of appearances on the Ed Sullivan television show Sunday night and won critical and audience approval.

Jack Gould of The Times calls their act—a sketch of how a private detective might tackle the murder of Julius Caesar—"hilarious" and "inspired nonsense."

The audience showed its favor with long and loud applause.

Gould says of their performance:

"If their material lasts and they are not worn down too quickly, Wayne and Shuster could be a refreshing addition to the American TV channels."

Crosby Son Marries Divorcee

LAS VEGAS, Nev. (AP)—Bing Crosby's son Dennis, 23, married showgirl-divorcee Pat Sheehan, 26, in a Protestant ceremony between her show performances Sunday night.

Miss Sheehan, a shapely blonde, was Miss San Francisco of 1950. She has a six-year-old son by her previous marriage.

She and the crooner's son were having dinner at a Mexican restaurant next door to the Gretna Green Wedding Chapel when they decided to marry immediately. Miss Sheehan said.

After the marriage she made another dancing appearance in her supporting role in the show at the Tropicana Hotel.

Miss Sheehan said she and young Crosby have no honeymoon plans and that she may continue appearing at the night club another two months.

Dennis is the first of Bing's four sons to marry. All were brought up as Roman Catholics.

Dennis and Miss Sheehan have been keeping company for several months. Last Feb. 3, spokesmen at their homes said they planned to be married in the same Roman Catholic church where widower Bing, 53, married actress Kathryn Grant, 23, last Oct. 24.

Two days later Rt. Rev. John J. Ryan, pastor of the church, issued this statement:

"I wish to make it clear that no such marriage can be approved by the Catholic Church unless after thorough investigation, it is found that the former marriage of Miss Sheehan was not a valid Christian marriage contract."

Miss Sheehan, a Protestant, married George Douglas, a representative of the American Guild of Variety Artists, in 1950. She said they later were divorced—in 1953, she thought.

Did a Little Girl's Trust Fall Prey to Call of Jungle?

By AB KENT
Times Staff Reporter

NANAIMO—Little Maureen Vanstone died on Saturday because she put too much trust in an escaped African lioness which she had known as a zoo pet.

Maureen, eight years old, of Vander Nook Road, Wellington, was killed when the jungle beast sprang on her from bush near her home. It escaped 18 hours earlier from Paul Hertel's nearby zoo.

A posse of grim hunters brought the animal down and killed it with a fusillade of bullets at mid-afternoon, within a mile of the zoo, which is six miles north of Nanaimo.

The little girl and her six-year-old sister, Patricia, walked along the road to join playmates when Maureen saw the tawny lioness standing staring from the bushes.

She Was Not Afraid

Having seen and petted the animal at the zoo, she was not afraid.

"I see you 'Fury' come out of there," Maureen cried.

Seconds later she was dead of a broken neck.

Her sister ran terrified to join playmates Lee, 11, and Janet, eight, daughters of Mr. and Mrs. Walter Butcher, who saw the lion's pounce from a few yards up the road.

All ran screaming to a neighbor's house and gave the alarm. But for a bungled telephone warning, bloodshed may have been avoided. Hertel said he tried to warn the Vanstones to keep their children indoors, but another family got the message instead.

The Vanstone girls had barely left their home 150-200 yards along the road. Mrs. Vanstone was ill at home with four other small children, and the father, Dr. W. E. Vanstone, was at work aboard a biological station vessel.

Escaped Before

The family was to have moved Sunday to Departure Bay, nearer Nanaimo, where Dr. Vanstone is employed at Pacific Biological Station.

Zoo-keeper Hertel, a part-time logger, said he did not think it necessary to notify authorities when the lioness escaped late Friday afternoon because she had been out before and always returned within about 20 minutes.

Coroner Dr. H. W. Lewis, Nanaimo, has ordered an inquest into the fatality tonight.

Claude Butcher, Vancouver, grandfather of Lee and Janet Butcher, said, "When Lee first saw the escaped animal in the bush she thought it was a big bulldog."

"Then when she saw it jump on Maureen, she saw it was a lion and they dropped their bikes, cried 'lion' and ran.

"It might have been any one of them," Mr. Butcher said.

Maureen and Patricia ("Trish") were walking toward the Butcher house on the bush and tree-shaded road.

Broke Her Neck

At the same time the Butcher children were cycling toward the Vanstone residence, they had almost met when the attack came.

The big cat's pounce apparently broke the little girl's neck and slashed her jugular. There was evidence of mauling in the child's shredded clothing.

Running about 200 yards to the home of Mrs. Joseph Morton, the children screamed what had happened.

"She called here," Mr. Butcher said. "She was a brick about the whole thing, and wasted no time in phoning us."

"As a matter of fact, Mrs. Vanstone was on the line at the time and Mrs. Morton asked her to hang up while she made the call."

"My son and his wife took the rifle and drove up the road right away."

Coat in Jaws

The lioness was still on the road when they arrived and Walter got one shot—a hopeless shot-away before the animal sprang back into the bush.

Port Angeles Man Named President At Loggers' Meet

C. J. Hopkins of Port Angeles has been elected president of the Olympic Logging Conference—an association of loggers and foresters from all parts of the Olympic Peninsula.

Mr. Hopkins took office when the conference concluded its annual convention in Victoria Saturday. He succeeded J. G. (Rip) Rucker of Shelton, Wash.

Carroll Meyer of Port Angeles was elected vice-chairman and Robert Rhineberger of Seattle sergeant-at-arms.

Members of the board are Bob Fox, Petrus Pearson, E. A. Carlson, Glen Corning, Jack James, M. B. Jones and Reid Priest.

"Maureen's coat was in its jaws, or hooked on the cat's teeth. Anyway it was carried off into the bush."

Walter Butcher followed the killer into the brush for a short distance but got no other shots away.

He stayed with the girl on the road until arrival of police and an ambulance.

Nanaimo RCMP got their first call between 11:15 and 11:30 a.m. advising them a lion was loose. Within minutes another call was received, this time for an ambulance.

Lurking in Bush

The tragedy took place a few feet along a "Y" in Vander Nook Road, about three miles off the Island Highway north of Nanaimo in the Wellington district.

When police got to the scene the lioness still lurked in nearby bush, then bounded away.

A search for the killer was started almost immediately under direction of Cpl. Gordon Neff and Constables Bob Saul and Lowell Davidson.

Nanaimo radio station CHUB received an anonymous phone call informing them of the death, and a warning was broadcast.

Children were told to stay indoors.

50 Join Hunt

About 50 hunters, mostly from Nanaimo Fish and Game Club, took their rifles to the Morton farm where the search was organized.

Two planes, one from Cassidy air, the other from Beban Logging, were volunteered, and assisted police in co-ordinating parties of hunters.

The hunt narrowed down to Marine Farm, about 2½ miles from Morton's, within a mile northeast of the zoo.

Shortly after 2 p.m. Evan Warneboldt, 31, of Nanaimo, came close to the lioness. He called to several others he thought she was right up ahead of them, "and all of a sudden I was all by myself," he said.

Meanwhile Hertel discovered dogs were hard to find. "I figured I had everything under control, but by 9 o'clock

younger male, kept in a separate cage.

Fury was obtained from the Calgary zoo three years ago and was first kept by Hertel at his zoo when it was located at Port Alberni.

At about 5 p.m. Friday, Waldemar Jungenkrueger, 27, a 200 attendant, went into the pen to feed the animals.

He said he opened a door at the rear of the enclosure, entered and put a cleat-type fastener across the door to keep it closed.

Turning his back on the door he started the feeding and the three lions "played around," possibly excited because they were being fed.

"She says 'We don't blame you a bit . . . You mustn't blame yourself . . . You have taken such good care of our kids and we've taken care of yours . . .'"

He went on: "Maybe it will get people up here and support us to build a proper zoo. The first thing that should be done is put a fence around the whole zoo, but that would cost \$5,000 for the wire."

Hertel has been a zoo keeper for 15 years. "It developed as a hobby and I thought it was something the public wanted . . .," he said.

Jungenkrueger has worked around animals most of his life and was with Hertel's zoo last summer. He rejoined it in April of this year.

I got a little fidgety. The dogs had still not arrived . . . There was no panic during the night," Hertel said.

He was visibly shaken by the tragedy.

It was as though he could not understand why it had happened. Of the lions he said:

"It was nearly tame; people used to have their pictures taken with it."

'Don't Blame You'

Hertel telephoned Mrs. Vanstone when news of the accident reached him.

"She says 'We don't blame you a bit . . . You mustn't blame yourself . . . You have taken such good care of our kids and we've taken care of yours . . .'"

He went on: "Maybe it will get people up here and support us to build a proper zoo. The first thing that should be done is put a fence around the whole zoo, but that would cost \$5,000 for the wire."

Wrong Number

At about 7:30 a.m. Saturday Hertel began phoning for cougar hounds to help in the capture. He knew roughly where the lioness was then.

As a precaution he told Jungenkrueger to phone the Vanstones to keep the children inside until the capture.

Later, it was discovered Jungenkrueger had been talking to someone in another neighborhood, with whom he had been connected by mistake.

Meanwhile Hertel discovered dogs were hard to find.

3-Mill City Tax Boost In Biggest-Ever Budget

Extra for Schools In \$8 Million Total

City council sighted its guns today on a record-breaking \$8,115,468 budget containing a provisional tax increase of three mills this year.

A total tax levy of 48.5 mills forecast by comptroller Dennis Young, including a two-mill jump for schools and a one-mill increase for general purposes. Last year's rate was 45.5 mills.

Mr. Young told council-meeting in estimates' committee—that no general purpose increase would have been necessary if he had not established a \$100,000 reserve account.

The reserve was made out of an unusual \$216,000 revenue surplus in last year's operations due to departmental underspending and unexpected sundry revenues.

SAVING UP

"The reserve is a compromise between having your cake and eating it," he said. "It's like taking a bite now and saving the rest for later when you may be really hungry."

Council can cut the provisional tax rate by one mill if it eliminates the reserve.

But Mr. Young pointed out that the reserve would save highest interest charges for temporary borrowings and provide a buffer against the possibility that no surplus may be achieved in subsequent years.

UP FOR REVIEW

"The working capital reserve would go a long way towards preventing unnecessary upward fluctuations in the mill rate," he reported.

Council decided to deal with the reserve after it has reviewed the entire budget.

STUDY OF COSTS

Members would include appointees from the departments of education, finance and municipalities.

He said he would ask a study of the impact of school costs on homeowners between 1951 and 1958. He also will request a comparative pattern of school costs in the same period for Manitoba, Saskatchewan and Ontario.

In its first session today, estimates committee approved a total of \$523,817 expenditures.

EXTRA FOR FIREMEN

This included a committee addition of \$300 for a clothing account in the fire department's \$523,817 budget and \$35,465 for operation of the police and juvenile courts and the juvenile detention home.

Mr. Young also reported that an expected \$50,000 deferral of a federal grant would not be necessary under the new Public Schools Act as previously believed.

The provisional budget also includes an increase from \$14,400 to \$18,000 for council indemnities.

TUESDAY MEETINGS

Victoria Electric Club: 12:05 p.m., Monterey Restaurant. Inspector of the B.C. Police, Cecil Clark, speaks on "Victoria Old and New."

Kiwianis: 4:10 p.m., Empress Hotel. Brian H. Roberts speaks on "Social Experiments on the African Continent."

North Kiwanis: 6:15 p.m., Monterey Restaurant. District Kiwanis Lieut.-Governor John Lewis, Port Angeles, will be present.

"I am at a loss to understand why people don't see how this formula works."

He forecast that over the next seven years the government would pay over 50 per cent of all increases in school costs.

"When the provinces across Canada meet, the other provinces look with envy on B.C. The government share is higher in B.C. on a percentage basis than anywhere in Canada."

ASK The TIMES

Q. Will you please tell me why the "red smoke" issuing from the Commodore, was red? E.S.

A. This is the official, if tongue-in-cheek, explanation: In those dear dead days of long ago ships burned wood. The Commodore brought the gold-seekers here from California, where the giant redwoods grow. Result: red smoke.

Asked how his industry could combat his co-called "Buyers' hesitancy," Mr. Simpkins snapped:

"Damn it man, we're doing everything we can."

But he admitted it was up to the dealer to get out and rustle up business, noting "Canadians

of car has no fewer than two million different combinations."

Drive for Cadets

A drive to add 25 new recruits to the present strength of 60 has been launched by Princess Patricia's Canadian Light Infantry Cadet Corps.

Boys 14 years old by September and up to the age of 19 are eligible to join.

Names will be taken at the Macaulay Street drill hall on parade nights, Tuesday and Friday. A bus leaves the city hall for the drill hall at 7:30 p.m. on those nights.

At HMCS Naden, a tribute to the fallen in the Battle of the Atlantic.

BATTLE OF ATLANTIC SERVICES

'Piling of Drums' Marks Loyalty at Sea

An estimated 5,000 naval personnel, sailors, families and guests, gathered at HMCS Naden Sunday for a commemoration service honoring those who fell in the Second World War's Battle of the Atlantic.

Mr. Lumsden has been engaged in the automobile trade in Victoria for close to 30 years, and during the Second World War was employed by the Wartime Prices and Trade Board.

A long-established business here, Olson Motors Ltd. is at 1060 Yates.

Listen to massed choirs of bandsmen, Wrens and cadets in naval hymns, and attend a sermon by Command Chaplain (P) I. R. Edwards.

Edwards.

Among those attending were

Major and Mrs. P. B. Scurrah; retired Vice-Admiral H. E. Reid and Mrs. Reid; Rear-Admiral J. C. Hibbard and Mrs. Hibbard; Capt. and Mrs. W. B. L. Holmes; Commodore (E) and Mrs. John Caldwell, and Brigadier John S. Adam.

H. S. Rayner read the lesson;

Chaplain Edwards paid trib-

ute to the 2,000 Canadian sailors who had found their last resting place in the heaving bosom of the sea."

SUSTAINED IN FAITH

He cited the recently-published story of the famous Gloucester regiment of Korea to show that it was the faith of the fighting men which had sustained them during their tortuous imprisonment.

Ceremony concluded with the unpinning of the drums and singing of the National Anthem.

Simultaneously, in the Naden drill hall, 435 persons attended a solemn high mass conducted by Chaplain J. P. Farrell, command chaplain (RC).

Chaplain Farrell said Mass.

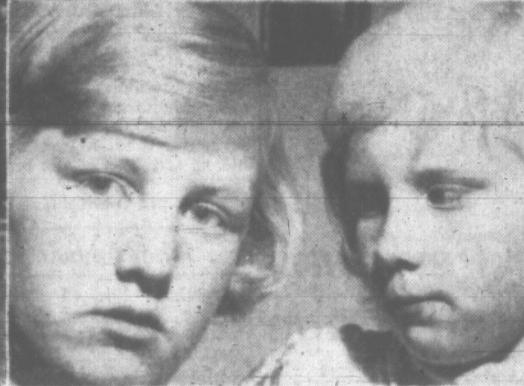

The sermon was given by Chaplain J. A. MacLean.

Music was provided by the children's choir of Our Lady of Lourdes Church, Oak Bay.

Servers at Mass were altar boys from naval families associated with Naden.

SYLVAN SPOT where Maureen Vanstone met death by the claws of "nearly tame" escaped lioness is almost at her father's driveway. Reporter Ab Kent points to blood stains on the road and looks toward

bush out of which the beast jumped. Inset at bottom right are 11-year-old Lee Butcher and her sister, Janet, 8, who saw the horror from a few feet further along the road.—(Top photo by Robin Clarke)

HIDE-AND-SEEK, THEN LION POUNCED

NANAIMO—"It didn't run away. It just stayed on top of maureen."

In these words a seven-year-old girl described what she saw seconds after a huge African lioness sprang at Maureen Vanstone, 8, and mauled her to death.

The animal, at large from a privately operated zoo located north of here, was hunted down, shot and killed some three hours after the attack.

Lee Butcher, 11, said she and her sister Janet, 7, were riding their bikes up a hill to join Maureen and Maureen's five-year-old sister Patricia at play. When the Butcher girls came into view, Maureen and Patricia jumped to the

side of the road, apparently intending to start a game of hide-and-seek.

"I see you kids; come out of there," Lee shouted.

"Then I saw an animal in the middle of the road. Maureen looked back over her shoulder just as it jumped. She called out something but I couldn't understand what she said."

Lee said she and her sister grabbed Patricia and the three of them ran to the home of Mr. and Mrs. Joseph Morton.

"We left our bikes lying there."

Janet, still shocked and frightened hours after the mauling, said: "I saw the lion. It didn't run away. It just stayed on top of Maureen."

Cariboo Diocese — Sponsors and friends who once lived in the Cariboo are planning a Cariboo Diocese coffee party to be held on May 30 from 11 a.m. to 1 p.m. in the Cathedral Memorial Hall. There will be a display of newer types of iris and Oriental poppies arranged by Mr. and Mrs. David Barton and a competition to name a new iris. A map of the diocese made by Miss Susan Gibson, 36 Howe Street will be displayed with some old-time pictures. Refreshments are in charge of the Woman's Auxiliary to St. Barnabas Church with Mrs. M. C. Trueman convener. Proceeds will be used toward a fund for building a much needed church hall for the parish and mission at Lytton. Convener of the coffee party is Mrs. Jessie Walker and the co-convener, Miss Edith Ivatt.

Joint Meeting — Members of Esquimalt United Church Woman's Missionary Society and the Evening Auxiliary met in the church recently to hear Mrs. Jara Smith speak on "The African People." Following the meeting tea was served.

On Etiquette

Two wives at one party:

My husband and I are planning to entertain with quite a large open house. We are puzzled as to what to do with two couples who are among our dearest friends.

The wife of one had been previously married to the husband of the other and there seems to be animosity between them. We

can't very well invite one couple without the other, yet we can't cross them both off the list. Have you a solution as to what to do and how we can prevent any embarrassments?

Louise Davis answers:

After issuing your invitations, it would be kind of you to let each wife know that you have invited the other couple. That

would give one or the other the chance to save face by bowing out gracefully and graciously.

Of course, you wouldn't wish to let your hospitality go so far as to urge the two couples to come. Their presence simultaneously would be exceedingly awkward and embarrassing for them, for you and for those of your friends who know them.

You can only hope that they will be as kind and thoughtful of everyone, including themselves, by not being present, at least, at the same time. This is a case when all should lean over backward to avoid any gossip or unpleasantness.

Mothers-to-be or mothers now here's a bargain! You

know you never have enough diapers for junior. A special price has been set on packages of 13 cotton diapers. They're selling for \$4.95. Now, try to beat that!

SISTERS REUNITED

Mrs. Charles McCrea, centre, flew from Glasgow, Scotland, last week to join her sisters, Mrs. R. Reid, left, and Mrs. Herbert Bowes, whom she had not seen for 31 years. The sisters are pictured in Mrs. Bowes' garden on Joseph Street. Mrs. McCrea will spend several months in Victoria and will be present at the wedding of her daughter, Miss Jean McCrea, which takes place in June.

Couple Enjoying Trip Through Southern States

Honeymooning in California and Mexico are newlyweds Mr. and Mrs. Adrian "Bert" R. Birtwistle, whose marriage took place Saturday evening in St. Mark's Anglican Church.

The bride is the former Hazel Myrtle Johnson, daughter of Mr. and Mrs. Alex Johnson, of Wale Road, Langford, and her groom, the son of Mr. and Mrs. Ralph Birtwistle, of Glen Lake Road, Langford.

Canon R. Willis conducted the ceremony.

Entering the church which was decorated with mauve and white lilacs, the bride wore a floor-length gown of satin topped with sequins. Her finger-tip veil misted from a pearl coronet and she carried a cascade bouquet of red roses and lily of the valley. She was given in marriage by her father.

Matron of honor, Mrs. P. Callan, wore a pink paper nylon gown with full skirt and fitted bodice. Bridesmaids Miss Mary-Lou Waters and Miss Mervyn Birtwistle wore similar dresses in blue. All had matching head-dresses and carried bouquets of pink carnations.

Ronald Starkey was best man and ushering were Keith Williams and Michael Dyer.

A three-tier cake centred the bridal table at a reception held in the Golden Slipper. Red roses decorated the room.

Sid Starkey proposed a toast to the bride's happiness.

For her wedding trip the bride chose a light rose fitted suit with contrasting white hat and gloves and black patent accessories. Her corsage was of white roses.

Elderly Ladies To Be Honored By Auxiliary

Ten ladies from the Aged Women's Home will be honor guests at the annual mother's day tea sponsored by the Ladies' Auxiliary No. 12, Army, Navy and Air Force Veterans next Thursday afternoon in the Hudson's Bay Douglas Room.

A special guest will be Mrs. Frances Morrison, age 92. The affair will be opened by Mrs. Percy B. Seurrah.

Final plans for the tea were made at meeting of the auxiliary held Mrs. M. Bennett in the chair. Initiated and welcomed into the auxiliary were Mrs. Louise Rowen and Mrs. Louise Akens.

Report given by Mrs. Bennett showed 65 visits made to the sick in April. Mrs. O. Dugdale reported \$35 realized at a social evening and Mrs. M. Carver presented final plans for a float in the May 19 parade.

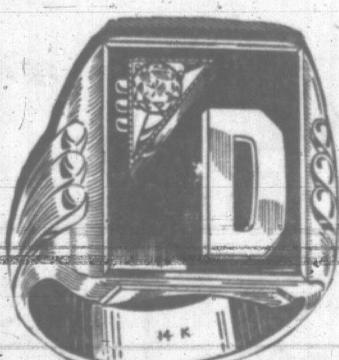

Plans were also made to sponsor a team in the Little League Baseball, and to give two dozen additional prayer and hymn books to the chapel in Veterans Hospital.

Bandage rolling days were announced as May 13 and 27 at the hospital.

Woodfibre Blossoms Mark Church Pews For Recent Wedding

Apple blossoms made of woodfibre marked the pews of Centennial United Church, Saturday night, for the marriage of Patricia Maureen, daughter of Mr. and Mrs. Andrew Officer of Kingsmill Road, and Robert William Thaté, son of Mr. and Mrs. G. Thaté of Seaton Road.

Rev. D. B. Carr officiated. The bride was escorted up the aisle on the arm of her father. She wore a gown of white lace and net. Her matching head-dress held a three-quarter-length veil. Jewelry was a strand of pearls. She carried a spray of red roses.

Home From Halifax

Miss Anne McAndrew, daughter of Lieut.-Cmdr. John W. McAndrew and Mrs. McAndrew of Campbell Street, Esquimalt, returned home Friday from Dalhousie University in Halifax. Miss McAndrew has been in the East since last fall in her first year of nursing science. Rev. D. O'Connell proposed a toast to the bride.

A two-piece wool dress in turquoise shade was worn by the bride for the wedding trip to Portland. Her accessories were in white and she wore a white orchid corsage.

Attends Wedding

Mrs. Eva von Preetzsch of Gosworth Road will leave tomorrow for North Vancouver to attend the marriage of her daughter, Miss Gloria Moncrieff and Constable Munro MacLeod, RCMP. The wedding will take place on Thursday evening.

DUBLIN, Ireland (UP)—One thing about travel, plus the fact it's broadening, it also teaches that whoever writes the scripts for the tourist guides deals in superlatives unmatched except in Hollywood.

The average sightseer, in almost any land finds he or she is visiting the world's largest, oldest or tallest something or other.

Three days spent in Dublin, a city of 600,000, and the surrounding area, and I've garnered enough superlatives to hold me until my next visit to Texas.

Any guide will tell you first off that Ireland has the only Leprechauns, the greenest fields, the handsomest tweeds, and one of the world's most potent potions, Irish coffee, (in which the brew is laced with another Irish best—whisky).

Guide—Patty McGuirk, who sings Irish ditties in between pointing to the sights, took a batch of visiting newspaper folk through Dublin and 75 miles into County Wicklow, south of the city. We visited the Guinness brewery, the world's largest.

Patty pointed to O'Connell bridge, crossing the Liffey River, which flows through the capital of the independent countries, as "the only bridge in the world which is wider than it is long". We passed the customs house, designed by James Gandon.

Fairclough Meets Women On Buenos Aires Visit

BUENOS AIRES (CP)—Mrs. Ellen Fairclough, state secretary of Canada and her country's representative at the inauguration of President Arturo Frondizi of Argentina Thursday, is enjoying her first visit to South America while being the subject of much interest herself.

Mrs. Fairclough, as the only woman representative to the inauguration, has stirred up attention whenever she has appeared in public, especially from members of her sex.

A Buenos Aires woman hurried from the crowd to grasp her hand during a slow-moving automobile parade and told Mrs. Fairclough how much she was doing for women in general. She got a rousing reception at the Canadian school, where students sang O Canada and God Save the Queen for her and later gave her a bouquet.

Mrs. Fairclough also met leading Buenos Aires women in the political and civil fields. She

was invited to speak to many women's organizations and clubs, but had to decline because of the press of her official duties.

WHY GROW OLD?

By JOSEPHINE LOWMAN

You Can Overcome Self-Consciousness

Everyone wants to be liked by others. However, the world seems to be full of folks who long for friends but who do not know how to make them. I receive so many letters from women asking how to overcome self-consciousness. They also want to know how to meet people gracefully and what in the world to say to them when they meet them.

The real secret is to be interested in the people you meet. If you are truly interested in the person with whom you are talking, this will be apparent in your manner, facial expression and the tone of your voice. It isn't so important what you say as how you say it.

Many shy, retiring women are sincerely interested in others, as evidenced by their wish for friends, but they never get this fact over because they are handicapped by a constant awareness of self. Instead of concentrating on what the other person is saying and thinking,

TODAY'S RECIPE

APRICOT SOUR CREAM PIE

Two cups cooked sweetened dried apricots, 1 egg, $\frac{1}{4}$ cup sugar, $\frac{1}{2}$ cup commercial sour cream, 3 tablespoons sifted all-purpose flour, $\frac{1}{4}$ teaspoon salt, $\frac{1}{4}$ cup honey, pastry for 9-inch single crust.

Drain apricots thoroughly and cut in quarters. Beat egg. Add sugar, cream, flour and salt, and beat until smooth. Stir in honey. Turn apricots into pastry-lined pan. Pour custard mixture over fruit. Bake in hot oven (425 degrees F.) 10 minutes. Reduce heat to moderate (350 degrees F.) and bake 30 minutes longer, or until set in centre. Cool before cutting. Makes 1 (9-inch) pie.

ANNUAL SPRING FETE

There will be a centennial theme shown at the annual spring fete in St. Ann's Academy, next Wednesday. The theme will commemorate the arrival of the first Sisters of St. Ann in Victoria 100 years ago. Mrs. J. White, general convener, Mrs. L. Hofner and Mrs. E. Duncan are assisting with arrangements that include stalls of home cooking, candy, novelties, fancy work and during the tea hour, a showing of fashions from the first days of the school in 1858 to the present.

Women's Auxiliary St. Matthias' Anglican Church, May Wednesday, from 2:30 to 5:30 p.m., parish hall.

St. Andrew's Cathedral Sub-division, Catholic Women's League, parish hall, View Street, Tuesday at 8 p.m.

When you're not in a mood to make merry with pots and pans, serve a seafood tray of canned shrimp, crab and salmon surrounded by parsley and centred with a bowl of ripe olives. Pass crisp crackers.

If you would like to have my leaflet "How to Overcome Loneliness and Self-Consciousness" send a stamped, self-addressed envelope with your request for leaflet No. 59. Address Josephine Lowman in care of this newspaper.

This latter is a good healthy thought and will be of help to you. You will never have the friends you want if you approach others with a strained, fearful attitude. Too often the shy person who is eager for friends is either too aggressive or pushing, seeks an intimate relationship prematurely, or sinks into silence and awkwardness. Take it easy! Be natural! Concentrate on others!

Amazing discovery by PARKER PEN!

PARKER'S EXCLUSIVE POROUS BALL

outperforms all other ball points

The exclusive new Parker t-Ball Jotter, with the porous ball point, starts at a touch... writes a smooth, clean, uniform line with almost pressureless ease on any normal writing surface... on cheques, postcards, glossy photographs, legal documents and soft absorbent papers... even over grease spots and hand prints!

Here's why! This new standard of writing performance is the result of the amazing new Parker t-Ball point that is porous so ink feeds through as well as around it—keeping 166 times more ink at the writing point than ordinary solid ball points.

Giant Parker t-Ball cartridge writes up to 5 times longer—saves you money—for it still will be writing long after ordinary refills have run dry.

'PENETRATE CURTAIN BY PRAYER'

SAN FRANCISCO (AP) — Billy Graham told another overflow audience in the Cow Palace Saturday night that Americans are a nation of idolators who, as Christians, should love and pray for the Russians.

"The Bible teaches us we should pray for and love our enemies," he said. "We should love and pray for the Russians. Prayer can penetrate the Iron Curtain."

In a sermon telecast to many parts of the United States, Graham called for a world-wide, all-night mass prayer for peace.

"This would do more for peace than any summit meeting," he declared.

He said Americans put material things ahead of the spirit and spend more time thinking about fine cars, TV sets, big homes and clothes than they do about God.

Canada Growing At Record Clip

WASHINGTON (CP) — Canada's population will zoom to 54,000,000 by the year 2,000 if her current rate of growth is maintained throughout this century, it was predicted today by Population Reference Bureau, a non-profit research organization.

The bureau, devoting its May monthly report to the Dominion, reported that Canada's population is growing at an "extremely" high rate and said the country now is in "the world's most favorable position in terms of numbers of people and resources to support them."

It noted that Canada's annual growth rate was about 2.1 per cent, the highest of any western industrial nation, between 1946 and 1951 and then hit an "amazing" 2.8 per cent between 1951 and 1956.

MORE BIRTHS

Heavy immigration and comparatively high birth rate accounted for the spurt in Canada's growth in population, which reached approximately 17,000,000 this spring.

In 1956, Canada's birth rate was 28 per 1,000 population, compared with 25 in the United States. The post-war boom in births continued at a slightly higher level in Canada than in the U.S., Australia and New Zealand. In most Western Euro-

pean countries, birth rates have declined from their post-war peaks.

The bureau suggested that post-war prosperity has exerted an inflationary effect on the Canadian birth rate just as it has in the United States. More Canadian women were marrying than ever before, and they were marrying younger. Few couples were childless and the moderate-sized family was "very much in vogue."

TOO FEW PEOPLE

"Canada's favorable position in the world community of nations stems largely from the fact that she now has few rather than too many people. Today, Canada stands where the United States was in 1840, in terms of numbers of people."

In terms of resource potential, Canada very likely stood where the U.S. was at the turn of the century. Her vast mineral resources were still not completely explored, her forests were one of her greatest assets and no other nation in the world had such great potential in hydro-electric power.

Do Tin Miners Get Pimples?

Because Cornish tin miners appeared to avoid skin blemishes, British chemists suggested the use of tin in treating boils, acne, pimples.

Now convenient, tasteless tablets containing 42.5% metallic tin are available under the brand name "Tinoxid." Rapid, satisfactory results are claimed for this inexpensive treatment.

Tinoxid Tablets are sold without prescription at all drug stores, 75c.

Maya Indians Stage Dance For Margaret

BELIZE, British Honduras (Reuters) — A giant parade and colorful Indian dances were the scheduled highlights today of Princess Margaret's tour of British Honduras.

Dancers included Maya Indians, descendants of the colony's original inhabitants, and Keicchi Indians. The dancing would be followed by a parade with nearly 8,000 persons taking part.

Tonight the princess is to attend a state dinner at Government House followed by a fireworks display in Belize harbor. Thousands were disappointed Sunday night when Margaret, returning late from a quiet weekend on a holiday isle, disembarked at an unscheduled landing point.

The princess and her party had stayed an extra hour on the palm-fringed coral island of Sergeant's Caye, and despite a fast return trip aboard a speedboat it was feared she might be late for evening service at Belize Cathedral.

So, while thousands waited to welcome her at Fort George wharf, the speedboat raced across the Belize River to a landing point on the opposite bank.

Plane Hits Car But Nobody Hurt; Pilot Charged

CALGARY (CP) — Five persons escaped injury Sunday when their car was struck by the undercarriage of a light aircraft flying low over the highway.

The pilot of the single-engined Chinook flying service plane and his passenger also escaped injury, although apparently unaware of striking the car, he attempted an airport landing and the plane landed in a ditch when the undercarriage collapsed.

The windshield and roof of the car were damaged.

RCMP have laid a point. Vetus L. Kucinikas of Nightingale, Alta., will be charged for flying lower than 500 feet in an open area.

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then ask Andy. Andy will answer questions submitted by child readers and those who submit the questions.

The youngster who asks the first question receives a copy of the second volume of Compton's Pictured Encyclopedia (Canadian edition), and of

the second question, Hammond Atlas of the Globe.

Address your questions to "Ask Andy," Victoria Daily Times.

Andy sends a complete, 15-volume set of Compton's Pictured Encyclopedia to Judith Krause, aged 11, of Allentown, Penn., for her question:

What Is a Sandpiper?

Most of the sandpipers enjoy life on the beach. They are long-legged, long-billed, sandy-colored birds. Their delicately plumed plumage of grey, brown, white and chestnut blends in perfectly with the colors of the seashore. They do not seem to mind sharing their beaches with us. Though they are careful to keep at a safe distance. We can

watch them running along the wet sand and hear their piping conversations. But, if we approach them, their long, thin legs take them running off in another direction.

There are some 77 members of the sandpiper family. Most, though not all of them are shore birds... The woodcock is a sandpiper who never goes near sand or water. He is a fat, solitary fellow with a big head and alert bright eyes. He is dressed suitably for life in the woods and meadows. The snipe is also a dry land sandpiper.

Both these birds have long bills, long thin legs and webless feet. They also run swiftly like their cousins who live on the beaches.

The lively sandpipers seem to populate the beaches all through the year. But actually there are more of them during the winter months. During the summer months only a few of them remain, for most of the sandpipers fly far up to the tundra regions to build their nests. Like most birds, they prefer to bring up their children in a northern climate and fly south for the winter.

The pilot of the single-engined Chinook flying service plane and his passenger also escaped injury, although apparently unaware of striking the car, he attempted an airport landing and the plane landed in a ditch when the undercarriage collapsed.

The windshield and roof of the car were damaged.

Local Men at Chamber Meeting

Hugh Stephen, president of Victoria Chamber of Commerce, will address the seventh annual meeting of the B.C. Chamber of Commerce in Vancouver tonight.

His subject, at the annual dinner in the Hotel Georgia, will be "What's Ahead for Freedoms?"

G. Fitzpatrick Dunn, vice-president of the B.C. Chamber, is expected to be elected president. He is a director and past president of Victoria Chamber.

Attending the provincial Chamber meeting with Mr. Dunn will be Arnold Webb, managing secretary of the Victoria Chamber, and George Wheaton, a director of the B.C. Chamber.

A. M. Henderson, OBE, controller of the Canadian Broadcasting Corporation, will speak on "Canada and the Years Ahead" at Monday's luncheon meeting of the B.C. Chamber.

Gold bars valued at \$3,000,000 were among exhibits at South Africa's Rand Easter show which opened at Johannesburg in March 1958.

NEWS BRIEFS

Old Age Pensioners, group No. 5, will meet in the Knights of Pythias Hall Wednesday at 1:30 p.m.

Canadian National Steamships' vessel Prince George will make 12 regular sailings to Alaskan ports in a summer cruise schedule announced today.

Sailing dates from Vancouver for the nine-day cruises are May 25; June 8, 14 and 23; July 3, 12, 21 and 30; Aug. 9, 19 and 28, and Sept. 6.

The 5,800-ton luxury ship can hold 260 passengers. She will call at Prince Rupert, Ketchikan, Juneau and Skagway, going north and Wrangell, Ketchikan, Prince Rupert and Ocean Falls, southbound.

Vancouver visitor S. McPartlin told police Friday someone stole a \$125 camelhair coat from his car as it was parked overnight at Douglas Hotel parking lot.

Clarence John Hogarth, 572 Head, was fined \$200 and \$6.50 costs in Colwood RCMP court Saturday when he pleaded guilty to a charge of impaired driving.

Mount View PTA will hold its final meeting of the school year at the school tonight at 8. Officers will be elected and plans made for the high school graduation banquet June 27.

Nearly 6,000 people called at Vancouver and Island Publicity Bureau during April compared with 2,866 in the same month last year.

During April the bureau handled 23,092 pieces of mail compared with 8,100 in April last year and received 1,219 personal letters against 768 in April, 1957.

William J. Clark, vice-president of Victoria Automobile Club, today appealed to motorists to watch out for children playing in the streets during the coming months.

"It is every motorist's job to anticipate the actions of children, particularly in play areas," Mr. Clark said.

In warm weather youngsters pour joyfully out of schools and houses, and many of them don't show good judgment in their selection of a playground.

He appealed also to parents to instruct their children in safe walking habits and to stress the importance of playing away from busy streets.

Security in Peace, Not Witch-Hunts

The best way to establish national security in the United States or any country would be to attain world peace. Dr. Corliss Lamont of New York said here Sunday.

Dr. Lamont, addressing the Humanist Fellowship, derided the "witch hunt we had going for 10 years in the United States."

He said the intent of the McCarthy Communist hearings was to establish national security.

"What would establish it best would be world peace," he said. Dr. Lamont said the hearings, conducted by the late Senator Joseph McCarthy, indicated people were afraid of freedom of speech.

GOOD OLD HYDE PARK

"It seems they were afraid fiery orators would inflame the masses," he said, "but I give you good old Hyde Park in England."

He said the destiny of man appeared to lie in three directions—to the stars, through achievements in science; to greater brain power, "possibly through mutations"; and "in longer life through the advancement of medical knowledge."

Man must be prepared to work towards his own destiny, he said, because humans

He was once deported from Canada for a short period of time "until I could contact the government officials and get the case straightened out."

He was introduced to the meeting by Dr. Brock Chisholm of Victoria, former director of the UN World Health Organization, who described Dr. Lamont as a "free thinker."

NEW! *beauty ice*

- The most unusual beauty product in the world!
- The result of years of "chain molecule" research!
- Sparkling-clear "solid moisture" — new moisturizer that also tones your skin and tightens pores!

BEAUTY ICE is unlike anything you've ever known before! Not a liquid, not a cream, but a cool, blue-green "solid moisturizer" alive with tiny bubbles—restores a look of young freshness to your skin! No need ever again to use greasy creams, oily films, heavy lotions! Touch the coolness of Beauty Ice to your face—and every other moisturizer, facial cream and lotion becomes old-fashioned! Beauty Ice works as a moisturizer to soften and protect your skin; as an astringent, to tone, and tighten pores.

For remarkable results, use BEAUTY ICE twice a day! In the morning, under makeup, as a shield against drying effects of wind and weather. At night, after cleansing, to refresh your face like an invisible facial. Tiny lines seem to disappear. Your skin looks fresher, clearer, younger. Each

Burglars' Haul \$2.2 Millions

BROCKVILLE, Ont. (CP)—A Brockville police officer today arrested a suspect in Montreal in a \$2,240,000 weekend robbery here.

Sergeant Les Sterritt phoned the Brockville Recorder and Times from Montreal with word of the capture of the man and recovery of part of the loot made up of bearer bonds, cheques and cash stolen from the Brockville Trust and Savings Company.

Sgt. Sterritt gave the name of the arrested man as Rene Martin of Montreal. He reported the arrest followed a car chase.

The haul is believed to be the biggest robbery in Canada.

The official said the money is made up of \$2,225,000 in bearer bonds, and \$15,000 in cash and cheques.

The official said the thieves also stole hundreds of thousands of registered bonds but they are not negotiable.

The Brockville company is a branch of the Montreal Trust Company.

Police said the thieves entered the office by cutting a hole in the ceiling from an office above the trust company. Then a hole was cut through a two-foot brick wall in the side of the vault and acetylene equipment was used to slice through the steel wall of the vault.

City Store Robbed Of \$6,414

Thieves broke into Simpson-Sears Ltd., 720 Yates, early Sunday, smashed a safe and escaped with \$6,414 in cash and cheques, plus three cameras worth \$600. The theft was discovered at 4:40 p.m. Sunday, police said.

Entry was gained by forcing a rear door with a crowbar. The padlock and one window were broken.

The thieves then went to the mezzanine floor where two safes, one insecure and empty, were kept. Dial was knocked off the second safe and an attempt was made to punch it open. The door was opened with the crowbar.

NO FINGERPRINTS

The money, mostly cash and including \$200 in silver, was contained in two cotton bags.

During the ransacking, the safe was turned on its back. No fingerprints were found, police said. The thieves apparently wore gloves for the safe-cracking.

Three Japanese cameras were stolen from a showcase, manager Mrs. Dawson said.

Gas 'Scandal' Probe Urged In Ontario

CCF Leader Challenges Frost on Share Profits

TORONTO (CP)—Ontario CCF Leader Donald C. MacDonald rejoined the uproar over pipeline profits in high places today with another demand that Premier Frost appoint a royal commission to sort out the "scandalous situation."

The 44-year-old Socialist chief issued a three-page statement which scattered its fire among the premier, Public Works Minister William Griesinger, Ontario Liberal leader John Wintermeyer, various public officials in northern Ontario and Philip T. Kelly, former mines minister, who disclosed Saturday he made "a great deal of money" from natural gas company stock.

Mr. MacDonald said in a broadcast Friday night the company promoters distributed stock to "a favored few" at less than a dollar a share. It went on the market at \$25.

FROST KEEPS MUM

Premier Frost declined to commit himself on Mr. MacDonald's demand for a royal commission investigation.

He said he wants to "study all the reports from cover to cover, every word," before making any pronouncements.

Mr. Kelly, in his statement Saturday, said he resigned from the cabinet—in July, 1957—when it became apparent Ontario public funds would be used for the pipeline project in such a way that he would likely profit.

Mr. Griesinger, the records showed, disposed of his stock in June, 1957. Mr. Wintermeyer said he bought his on the open market as a private citizen and said as far as he knew he hasn't made a cent on it.

TOLD NOT TO BUY

Mr. MacDonald claimed Mr. Wintermeyer got the shares in late 1956, before the stock appeared on the Toronto exchange. In his statement today, Mr. MacDonald said Mr. Griesinger also bought his stock in 1957 at a time when the premier had instructed his ministers not to buy shares in any natural gas company.

Mr. MacDonald said he wondered why Mr. Kelly had holdings "hidden by purchase in other than his own name." The Star said Saturday a check showed 10 relatives of Mr. Kelly or his wife held the stock in November, 1956.

"The practice of Northern Ontario Natural Gas, in cutting in public officials at all levels of government involved in a private distribution of stock at fire-sale prices before it was made generally available, is a serious threat to the integrity of public administration," said Mr. MacDonald.

"Clearly this is a scandalous situation to which the public is entitled to full information. This can only be provided through a royal commission."

Mr. MacDonald said the premier had no alternative because if he himself did not know what was going on—"to the extent of not knowing the main reason for his mines minister's resignation, and the stock holdings of his public works minister in violation of his own directive—then the investigation is absolutely necessary so that not only the people of Ontario, but the premier himself might learn the full story."

Northern Ontario Natural Gas Company was formed to handle the sale of natural gas to communities in the north along the trans-Canada natural gas pipeline. The company plans to purchase natural gas from the trans-Canada line and sell it through distribution systems in communities between the lakehead and North Bay.

Teen Car Jockey Tops 31 Entries In Jaycee Roadeo

Winner of the annual Junior Chamber of Commerce "Roadeo", held Saturday in the B.C. Electric bus depot, was William W. Williams, 18, of Victoria, who, if he wins, would qualify him for the national finals in Medicine Hat and a \$1,000 scholarship stake.

Jury Undecided If Hanged Boy Accident or Not

Probe Asked to Halt Shooting Whispers

DUNCAN (CP)—A coroner's jury ruled Saturday that a 15-year-old boy died of "asphyxiation by hanging," but the jury added it was unable to determine "whether the hanging was intentional or accidental."

Coroner J. S. Goodbrand said he had been ordered by the attorney-general's department to hold the inquest into the death of Undo Lange, a German immigrant.

"The attorney-general's department has asked for as complete an investigation as possible so that any whispering campaign that might link this death with the unfortunate occurrence at Lake Cowichan recently might be discounted."

BOY SHOT TO DEATH

He was referring to the death of 12-year-old Earl Joseph Swirsky of Mesachie Lake, who was found shot to death after he had been reprimanded for going swimming too early in the year. The jury returned a verdict of accidental death in this shooting.

Lange was found by a roomer at his home hanging by his belt from a pipe in the bathroom. The pipe was a support for the building and was about five feet from the floor.

RCMP Constable Robert Fulerton said the boy, five foot three inches tall, could have stood up at any time.

6 Mayors Bought Pipeline Stock Paper Says

TORONTO (CP)—The Star quotes the mayors of six Northern Ontario communities as saying they acquired stock in Northern Ontario Natural Gas Company but that it had no effect on terms of franchises given the company.

The newspaper quotes the mayors of Sudbury, Timmins, Kapuskasing, Cochrane, Iroquois Falls and Huntsville as saying they paid the full market price of \$30 for a unit of one \$20 debenture and one share of stock.

Only in the case of Huntsville was the stock issued before a franchise had been granted.

The newspaper also quotes Ralph Farris, of Vancouver, president of the company, as saying in a telephone interview, "I hope every reeve, mayor or chamber of commerce and board of trade got some. The fuel board in many instances asked if we intended to give preference in stock issued locally, and we said 'yes' many times."

LONDON—Britain's pit ponies are spending their two weeks' summer vacation far too riotously, a national coal board report said today.

When the ponies are put out in the sunshine to pasture they get more knocks and tumbles than they ever do pulling coal trucks deep in the mines.

The report of the last "ponies' holiday" said that one broke its neck and others received injuries disabling them up to five weeks.

"The benefits pit ponies derive from this annual holiday appear to be very dubious," the board said.

Drugstore Safe Yields \$16,000

(From Times News Services)

RICHMOND—Thieves smashed open a drugstore safe here Sunday and escaped with approximately \$16,000.

Police said the theft apparently took place shortly after a routine RCMP patrol in this Vancouver suburb had checked the building.

The thieves smashed the lock on an outside door at Gordon's Drugs and then wrecked the safe with a sledge hammer, crowbar and heavy chisel.

Thomas J. Jay died soon after being taken to hospital from his downtown room, where he was found in bed with a gangrenous leg.

\$2,000 HOME FIRE

VANCOUVER—Damage was estimated at \$2,000 in a fire which burned a kitchen of a Burnaby home early Sunday. Firemen said the blaze at the home of H. Stanley was probably caused by a smouldering cigarette.

PLUMBERS CUT DEMAND

VANCOUVER—Officials of the locked-out Plumbers Union announced Saturday they have lowered their demands for a wage increase to 45 cents an hour from 60.

They said the reduced offer was made before expiry April 1 of their agreement with the Plumbing and Heating Association. The present base rate is \$2.70.

TWO HURT BY BLAST

VANCOUVER—Two youths were injured Sunday in the explosion of what they believed were small bombs found at the east-end Pacific National Exhibition grounds.

However, officials of the B.C. International Trade Fair, currently on show at the grounds, said the explosives may have been detonating caps. Some caps were reported missing from the fair.

Trade fair officials asked parents living near the exhibition grounds to search their children for detonating caps.

BALLOON FORCED DOWN

VANCOUVER—The balloon which became famous in the movie "Around the World in 80 Days" took off Saturday from the B.C. International Trade Fair for a short trip east down the Fraser Valley.

It landed 90 minutes later on Vancouver's North Shore, about five miles northwest of the takeoff point in the east-side fairground.

Pilot Francis Shields of Philadelphia, who brought the balloon here to publicize the fair, said a southerly wind blew the big balloon towards the North Vancouver mountains and he had to set it down.

MAN, 82, STABBED

VANCOUVER—An 80-year-old man was being held Sunday by police in connection with the stabbing of 82-year-old Anton Peterson Saturday night. The wounded man stumbled into the police station and the suspect was picked up later.

"If anybody has any jobs for me along the way, I'm ready and willing," he added.

Rambler RECORD HITS NEW HIGH
Sales Zoom Up... 64% Increase!

The Rambler record has everybody talking these days. No wonder! Retail sales up, up, up—to 64% over last year's figures! Production figures way, way up, too! It's 1958's big automobile success story.

Up to March 31 of last year, American Motors sold 39,041 Ramblers in North America. In the same period this year 46,266 Ramblers were sold. And that works out to 64% more!

What's behind this dramatic development in the automotive world? Basically, it's this—more and more people are realizing the solid advantages of the compact, economical Rambler.

MORE AND MORE PEOPLE ARE GETTING CANNY IN THEIR CAR-BUYING, TAKING JUST A BIT LONGER TO LOOK AROUND BEFORE THEY MAKE A PURCHASE. AND THE LONGER THEY LOOK, THE MORE OF THEM SWITCH TO RAMBLER.

Because Rambler has the Best of Both—big car room and comfort, small car economy and handling ease. Plus the advantages of single-unit body construction, pioneered by American Motors in North America. Plus five-position reclining seats and twin travel beds. Plus deep coil springs on all four wheels, for the smoothest ride imaginable.

Go to your Rambler dealer and see the car that's making automotive history today. And while you're there, take a Rambler ride.

6 Hurt in Weekend Traffic Smashes

Six persons are in hospital after two separate highway accidents over the weekend in Saanich.

Bernice Koller, 3226 Rutledge received severe head injuries in a spectacular head-on collision on the Patricia Bay highway near Beaver Lake at 9:15 p.m. Saturday.

She is in fair condition at St. Joseph's Hospital.

Also hurt in the crash were: PO John Givens, 3226 Rutledge, 34, back injuries. He was first taken to St. Joseph's Hospital for emergency treatment and later transferred to HMCS Naden Hospital.

John D. Sutherland, West Road, Sidney, and his sister, Anna Gray, The Chalet, Deep Cove, occupants of the second car, who have back, face and head injuries.

They are all in satisfactory condition at Royal Jubilee Hospital.

SMASHED INTO POLE

Saanich police have not yet determined who were the drivers or which direction each of the cars was travelling.

The accident occurred about 100 yards south of Beaver Lake Park. After the head-on collision, one of the cars crashed into a pole on the west side of the road. The other car remained in the centre of the road.

Ernie Tingstad, 1460 Weller Ave., Sidney, an eyewitness, said all he saw was "a set of car lights shoot across the road."

He said he ran over to the car which crashed into the pole. "A woman was lying half out of the car. I didn't really want to move her," he said, "but I held her head up to stop her from choking."

When he ran to the other car

he found a man sitting up. His wife, Florence, were injured when their car blew a front tire, went out of control, and also had a fractured nose, a cut flipped over on its side. Damage to the car is estimated at about \$1,500.

The Slatters were taken to the Royal Jubilee Hospital. They both are in satisfactory condition.

Bums Finally Come to Life

By United Press

Those understandably skeptical Los Angeles fans had solid evidence today that the Dodgers "wasn't" dead just sleeping.

The evidence was an old-time Brooklyn-like display of power—26 hits good for 47 total bases—as the Dodgers whipped Philadelphia Phillies, 8-7 and 15-2 Sunday. It marked the first time the Dodgers were able to win two straight games this season and delighted a crowd of 38,453 that sent the Los Angeles attendance over the half-million mark for only 15 dates.

The Dodgers pulled out the opener on a two-run seventh-inning homer by Charlie Neal and then hammered out 18 hits, including five doubles, two homers and a triple, against six Philadelphia pitchers in the nightcap. Don Zimmer swung the big bat in the second game with a homer, three singles and four runs batted in.

The outburst was the biggest of Sunday activity which followed generally the pattern of the season—heavy hitting in the National League games and excellent pitching in American League.

In the National Pittsburgh Pirates and San Francisco Giants split a doubleheader, Ramon Meijas smashing three homers in Pittsburgh's 6-2 win and Eddie Bressoud singling home the winning run in the Giants' 4-3, 10-inning nightcap victory; Walt Moryn's third double gave Chicago Cubs a 5-4 victory before Steve Bilko's 14th-inning double earned the Cincinnati Redlegs a 3-2 decision, and the Milwaukee Braves backed Warren Spahn with 13 hits to down St. Louis Cardinals, 7-2.

In the American Baltimore Orioles scored 4-3 and 4-0 victories over the Detroit Tigers; Cleveland Indians and Boston Red Sox exchanged 2-1 decisions and Washington Senators defeated the Kansas City Athletics, 7-3. The second Washington-Kansas City game was ended by rain with the score 2-2 after nine innings. Rain also canceled a Chicago-Yankee doubleheader at New York.

Meijas, who hit only two homers in 58 games last season, clouted two off Johnny Antonelli and another off Marv Grissom to lead the Pirates to their eighth victory in nine games. The Giants, however, stopped the Pirates from taking over first place when Daryl Spencer's double and Bressoud's single broke up the 10-inning nightcap.

3-Mill City Tax Boost In Biggest-Ever Budget

Extra for Schools In \$8 Million Total

City council sighted its guns today on a record-breaking \$8,115,468 budget containing a provisional tax increase of three mills this year.

A total tax levy of 48.5 mills was forecast by comptroller Dennis Young, including a two-mill jump for schools and a one-mill increase for general purposes. Last year's rate was 45.5 mills.

Mr. Young told council meeting in estimates' committee—that no general purpose increase would have been necessary if he had not established a \$100,000 reserve account.

The reserve was made out of an unusual \$216,000 revenue surplus in last year's operations due to departmental underspending and unexpected sundry revenues.

SAVING UP

"The reserve is a compromise between having your cake and eating it," he said. "It's like taking a bite now and saving the rest for later when you may be really hungry."

Council can cut the provisional tax rate by one mill if it eliminates the reserve.

But Mr. Young pointed out that the reserve would save high interest charges for temporary borrowings and provide a buffer against the possibility that no surplus may be achieved in subsequent years.

"The working capital reserve would go a long way towards preventing unnecessary upward fluctuations in the mill rate," he reported.

Council decided to deal with the reserve after it has reviewed the entire budget.

In its first session today, estimates committee approved a total of \$523,817 expenditures.

EXTRA FOR FIREMEN

This included a committee addition of \$300 for a clothing account in the fire department's \$523,817 budget and \$35,465 for operation of the police and juvenile courts and the juvenile detention home.

Mr. Young also reported that an expected \$50,000 deferment of a federal grant would not be necessary under the new Public Schools Act as previously believed.

The provisional budget also includes an increase from \$14,400 to \$18,000 for council indemnities.

Bennett Ready To Air Defence Of School Aid

'Date Is Up To Municipalities'

Premier W. A. C. Bennett said today he will meet with Union of B.C. Municipalities officials "at any time" to defend the government's school cost formula.

"I'm anxious to meet them. The date is up to them."

The premier, returned to his office after a three-week absence in California and other B.C. and Pacific Northwest points, said he is setting up a committee to report on school costs.

STUDY OF COSTS

Members would include appointees from the departments of education, finance and municipalities.

He said he would ask a study of the impact of school costs on homeowners between 1951 and 1958. He also will request a comparative pattern of school costs in the same period for Manitoba, Saskatchewan and Ontario.

Report of the committee would be requested for 1959 budget studies.

The premier indicated there was little hope for special assistance to municipalities this year.

"I think our formula is fairer to the individual homeowners than (formulas) anywhere else in North America," he stated.

"I am at a loss to understand why people don't see how this formula works."

He forecast that over the next seven years the government would pay over 50 per cent of all increases in school costs.

"When the provinces across Canada meet, the other provinces look with envy on B.C. The government share is higher in B.C. on a percentage basis than anywhere in Canada."

ASK The TIMES

Q. Will you please tell me why the "red smoke" issuing from the Commodore was red?

A. This is the official, if tongue-in-cheek, explanation: In those dear dead days of long ago ships burned wood. The Commodore brought the gold-seekers here from California, where the giant redwoods grow. Result: red smoke.

What Recession? Asks Auto Dealer

By DAVE COWLISHAW

If there's a recession in Canada, somebody should tell the automobile industry about it.

The dealers, anyway.

According to Clarke Simpkins, president of the Federation of Automobile Dealer Associations of Canada, those affluent men who sit behind all the glitter and glass in the new car showrooms are sharpening tools for what he termed "the greatest selling year in Canadian automotive history."

Mr. Simpkins, a speaker at the joint convention of the Motor Dealers' Association of B.C. and the Washington State Auto Dealers' Association in the Empress Hotel, told The Times this morning:

"Recession? There isn't one. What you are talking about is a buyers' hesitancy, that's all. But there's nothing to it. Starting in October Canada is about to see this country's biggest ever automotive year."

Mr. Simpkins' counterpart in the U.S., Dean Chaffin, president of the National Automotive Dealer Association, painted a gloomier picture for his own country.

"We're down one-and-a-half million cars this year," he said. "People are fed up with the gimmicks and options. And somebody should think about making a smaller, more-economical car."

Mr. Chaffin, 59, noted dealers had 800,000 cars on their hands at the moment, and blamed too many combinations of color, style and horsepower for the downturn.

"Why," he noted, "one make of car has no fewer than two million different combinations."

HIDE-AND-SEEK, THEN LION POUNCED

'It Just Stayed on Top of Maureen'

NANAIMO—"It didn't run away. It just stayed on top of Maureen."

In these words a seven-year-old girl described what she saw seconds after a huge African lioness sprang at Maureen Vanstone, 8, and mauled her to death.

The animal, at large from a privately operated zoo located north of here, was hunted down, shot and killed some three hours after the attack.

Lee Butcher, 11, said she and her sister Janet, 8, were riding their bikes up a hill to join Maureen and Maureen's five-year-old sister Patricia at play. When the Butcher girls came into view Maureen and Patricia jumped to the

bush out of which the beast jumped. Inset at bottom right are 11-year-old Lee Butcher and her sister Janet, 8, who saw the horror from a few feet further along the road.—(Top photo by Robin Clarke)

side of the road, apparently intending to start a game of hide-and-seek.

"I see you kids; come out of there," Lee shouted.

"Then I saw an animal in the middle of the road. Maureen looked back over her shoulder just as it jumped. She called out something but I couldn't understand what she said."

Lee said she and her sister grabbed Patricia and the three of them ran to the home of Mr. and Mrs. Joseph Morton.

"We left our bikes lying there."

Janet, still shocked and frightened hours after the mauling said: "I saw the lion. It didn't run away. It just stayed on top of Maureen."

SIX-HUMPED MYSTERY BEAST SEEN IN BAY

Three Victoria district fishermen were startled Sunday night when a swirl of bubbles and waves in the otherwise smooth surface of McKenzie Bay on Finlayson Arm erupted into a sea monster.

Vernon Heard of Langford; Ron Drayton, Brentwood, and Harry Shortridge described the mystery beast as "a great big thing, and different from anything we have ever seen."

"Its head seemed to be pushing water as it came out, and behind the head were six humps," they said. "The humps were exactly like the undulations of a snake, except that they went up and down instead of sideways."

By the time they had pulled in their fishing lines in order to take a closer look, the creature had disappeared.

Another snake-like creature, described as 75 feet long, with a square head and pointed fangs, was reported Thursday at Qualicum Beach by three Port Alberni sport fishermen.

A lecture recital was given by Mary Munn, the blind pianist, who is now teaching in Victoria.

**SHOPPING GUIDE****Loose, Cool for Summer, Middy Blouses Top List!**

By PENNY SAVER

Middy blouses are all the rage this season, and I've found sharp little linen numbers that are oh, so attractive! These blouses have neat tie fronts and loose waists for wearing in or out as you so desire. They come in paint box shades of red, navy and white priced at \$6.95.

Wallpaper patterns on materials are also very fashionable on the feminine dress scene. Tiny floral striped blouses with the latest blouson waists and soft tailored collars, are selling for \$4 in the loveliest mellow tones of moss green, coral red, bark brown and kitten grey. They're completely washable as they're of polished cotton.

I've an idea we'll be seeing a

lot of these women's purses around town this summer! Why? Because they're so fresh and gay-looking. That's why! Stripes either running horizontal or vertical are imprinted on the linen purses in all sorts of colors. They're bound with black patent leather to add a shine and are priced at \$7.95. A low, low price when you can match them to any ensemble colors!

★ ★ ★

There are some adorable fashions in the babywear line this year! In fact a visit to a local children's shop today was so delightful, I found it difficult to leave! On one hanger there was a pair of terrylene rompers in frothy white. Made in one piece with a clip crotch and elasticized waist, this romper set was as cute as the baby who will wear it! Of course, being terrylene, there is no washing or ironing problem. Just rinse in warm water, hang up and they'll drip dry! They're priced at \$2.39 a pair and come in a variety of sizes.

Cariboo Diocese — Sponsors and friends who once lived in the Cariboo are planning a Cariboo Diocese coffee party to be held on May 30 from 11 a.m. to 1 p.m. in the Cathedral Memorial Hall. There will be a display of newer types of iris and Oriental poppies arranged by Mr. and Mrs. David Barton and a competition to name a new iris. A map of the diocese made by Miss Susan Gibson, 36 Howe Street will be displayed with some old-time pictures. Refreshments are in charge of the Woman's Auxiliary to St. Barnabas Church with Mrs. M. C. Trueman convener. Proceeds will be used toward a fund for building a much needed church hall for the parish and mission at Lytton. Convener of the coffee party is Mrs. Jessie Walker and the co-convener, Miss Edith Ivatt.

Joint Meeting — Members of Esquimalt United Church Woman's Missionary Society and the Evening Auxiliary met in the church recently to hear Mrs. Jara Smith speak on "The African People." Following the meeting tea was served.

LOUISE DAVIS**On Etiquette**

Two wives at one party:

My husband and I are planning to entertain with quite a large open house. We are puzzled as to what to do with two couples who are among our dearest friends.

The wife of one had been previously married to the husband of the other and there seems to be animosity between them. We

can't very well invite one couple without the other, yet we can't cross them both off the list. Have you a solution as to what to do and how we can prevent any embarrassments?

Louise Davis answers:

After issuing your invitations, it would be kind of you to let each wife know that you have invited the other couple. That would give one or the other the chance to save face by bowing out gracefully and graciously. Of course, you wouldn't wish to let your hospitality go so far as to urge the two couples to come. Their presence simultaneously would be exceedingly awkward and embarrassing for them, for you and for those of your friends who know them. You can only hope that they will be as kind and thoughtful of everyone, including themselves, by not being present, at least at the same time. This is a case when all should lean over backward to avoid any gossip or unpleasantness.

Alumnae Members Reunion Dinner

The Royal Alexandra Hospital Alumnae, Victoria Branch, recently held a reunion dinner in the Tea Cottage on Fort Street. Tables were decorated with lilac, tulips and anemones in shades of purple and gold, colors of the hospital. Convenor of arrangements was Mrs. Frank Thomas.

Mrs. Harry Colley, former director of public health for Alberta, reminded the gathering that the Royal Alexandra was named by royal consent of the late Queen Alexandra, wife of King Edward VII.

"The three aims of the alumnae are the promotion of unity, loyalty and good feeling among the alumnae; advancement of the interests and upholding the standards of the profession of nursing and to keep in touch with our Alma Mater for our mutual help," she said.

Mrs. James Hendrickson gave an account of the reunion of her class at the annual Royal Alexandra Alumnae banquet in Edmonton. Miss Daisy Mullan, Vancouver was a guest, and told of activities of the branch there.

Others present included Mrs.

JAIL BREAKERS IN NOVA SCOTIA CAPTURED

PORT HOOD, N.S. (BUP)—Two men who broke out of the Inverness county jail early Saturday will appear in court Tuesday on charges of escaping from custody. Accused train bandit Russell Francis Ross, 42, of Florence, N.S., was apprehended by RCMP at a roadblock Saturday afternoon, while Robert John Caron, 21, was picked up in a stolen car shortly after.

Bus Strike Paralyzes London

LONDON (Reuters)—Londoners battled for space on subways as never before today after metropolitan bus service vanished in a massive strike.

Drivers and conductors rolled the red double-decked buses and the green suburban coaches into garages after midnight and launched their long-threatened strike for more money.

It left this city of 10,000,000—one-fifth of Britain's population—all but immobilized. The London transport bus system covers an area of 2,000 square miles.

Huge traffic jams developed in the heart of London as passengers who normally travel by bus attempted to get to work in their cars. Several firms chartered trucks and buses owned by private companies to try to get their employees to their jobs.

Thousands of others pedaled to work on bicycles.

Businessmen shared taxis and motorists put stickers on their windshields offering rides to stranded suburbanites.

More than 8,000,000 Londoners normally use the 605 bus routes. The rest depend on the subway system.

First affected by the stoppage were late night workers at communications, restaurants, newspapers and hospitals. Subways close down about midnight, but key arteries normally are serviced by all-night buses.

No extra subway trains eased the bottleneck because London subway workers have promised not to step up the service.

It was the first London bus strike since 1937 and the first major test of the government's avowed determination to stem inflation by holding the line on wages.

U.S. 'Willing' For Summit Talks Dulles Tells NATO

COPENHAGEN, Denmark (UP)—The United States told its North Atlantic Treaty Organization (NATO) allies today it is willing to take part in an East-West summit conference—but only if it is properly prepared beforehand.

Secretary of State John Foster Dulles gave this assurance in a report to the 15 foreign ministers of the alliance meeting here.

Informed sources said similar assurances were given on behalf of the other two major western powers by British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau.

CRACKDOWN ON ZOOS SET BY GOVERNMENT

. . . A JUNGLE DEATH

Brute size of 350-pound killer lioness Fury is seen as the dead animal hangs beside hunter Evan Warneboldt, who fired fatal shot with a .30-06 service rifle at 125 yards Saturday afternoon.

The official said the thieves also stole hundreds of thousands of registered bonds but they are not negotiable.

The Brockville company is a branch of the Montreal Trust Company.

Police said the thieves entered the office by cutting a hole in the ceiling from an office above the trust company. The hole was cut through a two-foot brick wall in the side of the vault and acetylene equipment was used to slice through the steel wall of the vault.

The official said the money is made up of \$2,225,000 in bearer bonds, and \$15,000 in cash and change.

Gas 'Scandal' Probe Urged In Ontario

CCF Leader Challenges Frost on Share Profits

TORONTO (CP)—Ontario CCF Leader Donald C. MacDonald rejoined the uproar over pipeline profits in high places today with another demand that Premier Frost appoint a royal commission to sort out the "scandalous situation."

The 44-year-old Socialist chief issued a three-page statement which scattered its fire among the premier, Public Works Minister William Griesinger, Ontario Liberal leader John Wintermeyer, various public officials in northern Ontario and Philip T. Kelly, former mines minister, who disclosed Saturday he made "a great deal of money" from natural gas company stock.

Mr. MacDonald said in a broadcast Friday night the company promoters distributed stock to "a favored few" at less than a dollar a share. It went on the market at \$25.

FROST KEEPS MUM

Premier Frost declined to commit himself on Mr. MacDonald's demand for a royal commission investigation.

He said he wants to "study all the reports from cover to cover, every word," before making any pronouncements.

Mr. Kelly, in his statement Saturday, said he resigned from the cabinet—in July, 1957—when it became apparent Ontario public funds would be used for the pipeline project in such a way that he would likely profit.

Mr. Griesinger, the records showed, disposed of his stock in June, 1957. Mr. Wintermeyer said he bought his on the open market as a private citizen and said as far as he knew he hasn't made a cent on it.

TOOLD NOT TO BUY

Mr. MacDonald claimed Mr. Wintermeyer got the shares in late 1956, before the stock appeared on the Toronto exchange.

In his statement today, Mr. MacDonald said Mr. Griesinger also bought his stock in 1956 at a time when the premier had instructed his ministers not to buy shares in any natural gas company.

Mr. MacDonald said he wondered why Mr. Kelly had holdings "hidden by purchase in other than his own name." The Star said Saturday a check showed 10 relatives of Mr. Kelly or his wife held the stock in November, 1956.

"The practice of Northern Ontario Natural Gas, in cutting in public officials at all levels of government involved in a private distribution of stock at fire-sale prices before it was made generally available, is a serious threat to the integrity of public administration," said Mr. MacDonald.

"Clearly this is a scandalous situation to which the public is entitled to full information. This can only be provided through a royal commission."

Mr. MacDonald said the premier had no alternative because if he himself did not know what was going on—"the extent of not knowing the main reason for his mines minister's resignation, and the stock holdings of his public works minister in violation of his own directive"—then the investigation is absolutely necessary so that not only the people of Ontario, but the premier himself might learn the full story."

Northern Ontario Natural Gas Company was formed to handle the sale of natural gas to communities in the north along the trans-Canada natural gas pipeline. The company plans to purchase natural gas from the trans-Canada line and sell it through distribution systems in communities between the lakehead and North Bay.

Jury Undecided If Hanged Boy Accident or Not

Probe Asked to Halt Shooting Whispers

DUNCAN (CP)—A coroner's jury ruled Saturday that a 15-year-old boy died of "asphyxiation by hanging," but the jury added it was unable to determine "whether the hanging was intentional or accidental."

Coroner J. S. Goodbrand said he had been ordered by the attorney-general's department to hold the inquest into the death of Undo Lange, a German immigrant.

"The attorney-general's department has asked for an complete an investigation as possible so that any whispering campaign that might link this death with the unfortunate occurrence at Lake Cowichan recently might be discounted."

BOY SHOT TO DEATH

He was referring to the death of 12-year-old Earl Joseph Swirsky of Mesachie Lake, who was found shot to death after he had been reprimanded for going swimming too early in the year. The jury returned a verdict of accidental death in this shooting.

Lange was found by a roomer at his home hanging by his belt from a pipe in the bathroom. The pipe was a support for the building and was about five feet from the floor.

R.C.M.P. Constable Robert Fullerton said the boy, five foot three inches tall, could have stood up at any time.

THIS WORLD OF OURS

People and Things

LONDON—Britain's pit ponies are spending their two weeks' summer vacation far too riotously, a national coal board report said today.

When the ponies are put out in the sunshine to pasture they get more knocks and tumbles than they ever do pulling coal trucks deep in the mines.

The report of the last "ponies' holiday" said that one broke its neck and others received injuries disabling them up to five weeks.

"The benefits pit ponies derive from this annual holiday appear to be very dubious," the board said.

NEW YORK—Blonde Princess Astrid of Norway and a retinue of three arrived by plane today for a 10-day visit. The 27-year-old daughter of King Olav meets president Eisenhower at a Washington luncheon Tuesday.

BOSTON—The manager of the Boston Arena today announced a ban on all future rock 'n' roll jam sessions Saturday night and early Sunday.

Police reported that gangs of teen-agers left the arena after the jam session and attacked, robbed and molested passersby.

PEIPING—Communist China's first television station will broadcast two one-hour programs twice this week. But Peiping's West Gate department store—which stocks all the three receivers on sale here—was still waiting for buyers tonight.

The cost of the three models, imported from Russia, range from the equivalent of \$300 to \$350.

LONDON—Actress Ingrid Bergman expects to be in Britain most of the summer and has no plans to marry Lars Schmidt, an official at her studio said today.

He was commenting on a

Drugstore Safe Yields \$16,000

(From Times News Services)

RICHMOND—Thieves smashed open a drugstore safe here Sunday and escaped with approximately \$16,000.

Police said the theft apparently took place shortly after a routine RCMP patrol in this Vancouver suburb had checked the building.

The thieves smashed the lock on an outside door at Gordon's Drugs and then wrecked the safe with a sledge hammer, crowbar and heavy chisel.

It was cleaned out of the proceeds of a three-day one-cent sale and receipts from telephone and electricity bills, for which the drugstore acted as an agency.

PLUMBERS CUT DEMAND

VANCOUVER—Officials of the locked-out Plumbers Union announced Saturday they have lowered their demands for a wage increase to 45 cents an hour from 60.

They said the reduced offer was made before expiry April 1 of their agreement with the Plumbing and Heating Association. The present base rate is \$2.70.

TWO HURT BY BLAST

VANCOUVER—Two youths were injured Sunday in the explosion of what they believed were small bombs found at the east-end Pacific National exhibition grounds.

However, officials of the B.C. International Trade Fair, currently on show at the grounds, said the explosives may have been detonating caps. Some caps were reported missing from the fair.

Trade fair officials asked parents living near the exhibition grounds to search their children for detonating caps.

BALLOON FORCED DOWN

VANCOUVER—The balloon which became famous in the movie "Around the World in 80 Days" took off Saturday from the B.C. International Trade Fair for a short trip east down the Fraser Valley.

It landed 90 minutes later on Vancouver's North Shore, about five miles northwest of the takeoff point in the east-side fairground.

Pilot Francis Shields of Philadelphia, who brought the balloon here to publicize the fair, said a southerly wind blew the big balloon towards the North Vancouver mountains and he had to set it down.

MAN, 82, STABBED

VANCOUVER—An 80-year-old man was being held Sunday by police in connection with the stabbing of 82-year-old Anton Peterson Saturday night. The wounded man stumbled into the police station and the suspect was picked up later.

REMEDY FATAL

VANCOUVER—Neighbors told Sunday how a 76-year-old pensioner who died in hospital

West German scientists have produced a stingless bee.

Dr. Erick Wohlgemuth said the bee—a cross between bees from the Russian Caucasus mountains and others from northwest Yugoslavia, produced as much or more honey than its armed relatives and could be held and petted in the palm of the hand without fear of being stung.

PEIPING

China's first television station will broadcast two one-hour programs twice this week. But Peiping's West Gate department store—which stocks all the three receivers on sale here—was still waiting for buyers tonight.

PRICE PROBE CLOSES SHOP

ST. JOHN'S, Nfld. (CP)—The first phase of a royal commission study of food price spreads in Canada concluded here Saturday and won't resume until September.

The seven-member commission held hearings in the four western and Atlantic provinces. Hearings will resume in Central Canada in the fall.

Thirty-three persons, mostly peasants on their way to vote, were killed by roving terrorist bands. They killed 25 in an attack on two truckloads of voters near Tolima, in central Colombia, and shot down others at Huila and Caucha, in the west.

Terrorists Massacre Voters As Colombia Elects Camargo

BAGOTA, Colombia (AP)—Troops and police kept order in the rest of the nation. Tolima has long been the scene of bandit raids resulting from the bitter civil war that split the Liberals and the Conservatives for years.

Maya Indians Stage Dance For Margaret

BELIZE, British Honduras (Reuters) — A giant parade and colorful Indian dances were the scheduled highlights today of Princess Margaret's tour of British Honduras.

Dancers included Maya Indians, descendants of the colony's original inhabitants, and Kekchi Indians. The dancing would be followed by a parade with nearly 8,000 persons taking part.

Tonight the princess is to attend a state dinner at Government House followed by a firework display in Belize harbor. Thousands were disappointed Sunday night when Margaret, returning late from a quiet weekend on a holiday isle, disembarked at an unscheduled landing point.

The princess and her party had stayed an extra hour on the palm-fringed coral island of Sergeant's Caye, and despite a fast return trip aboard a speedboat it was feared she might be late for evening service at Belize Cathedral.

So, while thousands waited to welcome her at Fort George wharf, the speedboat raced across the Belize River to a landing point on the opposite bank.

Plane Hits Car But Nobody Hurt; Pilot Charged

CALGARY (CP) — Five persons escaped injury Sunday when their car was struck by the undercarriage of a light aircraft flying low over the highway.

The pilot of the single-engined Chinook flying service plane and his passenger also escaped injury, although apparently unaware of striking the car; he attempted an airport landing and the plane landed in a ditch when the undercarriage collapsed.

The windshield and roof of the car were damaged.

RCMP here said pilot Vetus

HE GIVES AWAY GRAND PRIZES

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then ask Andy.

Andy will answer all submitted questions and those who submit the question he selects to answer will receive worthwhile prizes.

The youngster who asks the first question answered each day receives a 20-volume set of Compton's Pictured Encyclopedia (Canadian edition) and of the second question a Hammond Atlas or Globe.

Address your questions to "Ask Andy," Victoria Daily Times.

What Is a Sandpiper?

Most of the sandpipers enjoy life on the beach. They are long-legged, long-billed, sandy-colored birds. Their delicately-toned plumage of grey, brown, white and chestnut blends in perfectly with the colors of the seashore. They do not seem to mind sharing their beaches with us. Though they are careful to keep at a safe distance. We can watch them running along the wet sand and hear their piping conversations. But, if we approach them, their long, thin legs take them running off in another direction.

There are some 77 members of the sandpiper family. Most, though not all of them are shore birds. The woodcock is a sandpiper who never goes near sand or water. He is a fat, solitary fellow with a big head and alert bright eyes. He is dressed suitably for life in the woods and meadows. The snipe is also a dry land sandpiper.

Both these birds have long bills, long thin legs and webless feet. They also run swiftly like their cousins who live on the beaches.

The lively sandpipers seem to populate the beaches all through the year. But actually there are more of them during the winter months. During the summer months only a few of them remain, for most of the sandpipers fly far up to the tundra regions to build their nests. Like most birds, they prefer to bring up their children in a northern climate and fly south for the winter. But the United States and most of Canada is quite warm enough for the sandpipers to spend the winter.

Tonight the princess is to attend a state dinner at Government House followed by a firework display in Belize harbor. Thousands were disappointed Sunday night when Margaret, returning late from a quiet weekend on a holiday isle, disembarked at an unscheduled landing point.

'Children's Village' Hospital To Be Built

VANCOUVER (CP) — Chronically-ill British Columbia children will have a little town of their own, called Children's Village.

A new \$600,000 Vancouver preventorium to be opened in July will form the nucleus of the village.

Dr. W. H. Hatfield, president of the preventorium, said the village will be developed over a period of years as additional expansion becomes necessary.

Cottages will be built from time to time to house a dozen or so children. The cottages will have "mothers" and children will be treated as much like "family" as possible.

JUST LIKE HOME

"We hope to make it just like a little village so that it will serve as a real home away from home," said Dr. Hatfield.

The homelike atmosphere is an important part of the treatment as the children usually have to stay about a year before well enough to return home."

The new preventorium building will serve as the village's medical centre and also house the more seriously ill children. They will be moved to the cottages as soon as their condition permits. There will also be a central school, dining room and recreation unit.

The hospital and health centre will be able to concentrate on short-term and acute illnesses. A co-ordinating council will guard against duplication of treatment.

Four-fifths of the preventorium patients are tubercular, but the work is steadily expanding into care of all types of chronic ailments.

Treatment will be given free and all children will be eligible for admission. Age limit will be 14 years.

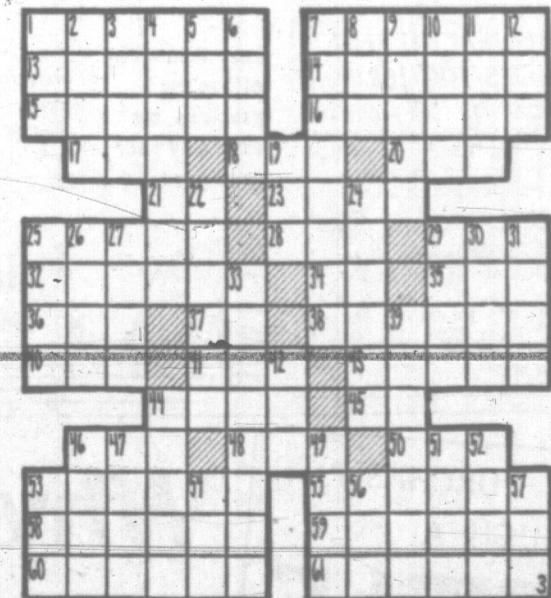

Operating costs are borne mainly by the provincial government, the city and greater Vancouver community chest.

Four Missing In Boat Mishap

BOSTON (AP) — The United States coast guard reported Sunday that three men and a young boy are missing and presumed dead. Their 14-foot outboard motorboat was recovered at the entrance to Boston harbor. They had been fishing.
